Read the following article carefully, and then in your ANSWER BOOKLET answer all questions that follow .your answers should be based on the article.

In England, almost 50% of school leavers go in to higher education .the figure has not always been as high as this. Twenty years ago it was closer to 30% and thirty years before that ,it was only about 5% another huge change has been financial .before 1998 CE higher education in the U.K was completely free for U.K citizens ,since then .

Despite the high cost, most students choose to study away from home. A recent survey of 17.000 students revealed that only 7% wanted to stay at home while they studied for their degree. Of course for most young people, living away from home means borrowing even more money from the government.

Where do these students live ?many have rooms in halls of residence, especially in their first year, others rent flats or house, A lucky minority live in property that their parents have bought for them . Most of them need to learn to cook, do their own washing and manage their time and money.
