Design// future// homes// tallest// floors// taller// offices//

- 1 In the past, buildings in Amman didn't have more than four _____.
 - 2 Kareem thinks that architects will _____ taller buildings.
 - 3 The new buildings will be _____ than thirty-five floors.
 - 4 The new buildings will be the _____ skyscrapers in Amman.
 - 5 In the new buildings, there will be _____, _____ and a hotel on forty-four floors.
 - 6 Kareem thinks that there will be a lot of tall skyscrapers in the _____.
-

Write and mark the following:

I think that more people **will live** in cities.

I think that everyone **will be** happy.

I think that people **will** fly.

I think that people **will wear** computers.

In a hundred years, I think that people **will live** in skyscrapers.

I think that life **will be** different in a hundred years.

In a hundred years, I think that people **will live** in skyscrapers.

In a hundred years, I think that children **will have** school trips to the moon.

In a hundred years, I think that scientists **will invent** roads in the sky for flying cars.

In a hundred years, I think that astronauts **will discover** new planets.

In a hundred years, I think that robots **will wash** cars.
