Q2. Read the following text carefully, and then, answer the questions that follow.
(21 points)

The city will run entirely on renewable energy sources. It is built on an advanced energy grid which monitors exactly how much electricity is being used by every outlet in the complex. Furthermore, in order to reduce its carbon footprint, Masdar City will be a car-free zone, designed to be pedestrian and cycle-friendly. Electric, driverless cars will operate as public transport vehicles, and the city will be connected to other locations by a network of roads and railways. Energy will be provided by solar power and windmills, and there are also plans to build the world's largest hydrogen plant. A desalination plant will be used to provide the city's water, with 80% of water used being recycled. Biological waste will be used as an energy source too, and industrial waste will be recycled.

31. The amount of carbon is controlled in the city in different ways. What are they?

32. The city is provided with renewable energy using different sources. Mention two of these sources.

33. Write down the sentence which indicates that a special system will be used to provide the city with water.

34. What does the underlined pronoun (its) refer to ?

35. Find a word in the text which means (buildings use wind and its sails to grind corn).

36. The writer states many objects that are recycled in Masdar City. Write down one of these objects.

37. Well-developed cities are environmentally- friendly cities that help in the sustainability of environment. Think of this statement and in two sentences write down your point of view.

38. Depending on different sources of energy is basic when building new cities. Suggest three sources of primary materials that are used in producing energy.

Q3. In about 120 words , write on one of the following topics. (4 points)

1. A book you feel it should be read by everyone. Mention its title, writer, topics and why it is worth reading.
2. Some people believe that communicating by e-mails or messages helps shy people communicate more openly with others. Other people believe that computer communication prevents developing personal skills and meaningful relationships with others. Write a composition discussing the advantages and disadvantages of each opinion.

The End
