PART TWO TEXT (A)

In this report, we will look at the countries that Jordan trades with and what goods <u>it</u> exports and imports. First, let's look at exports. Jordan is rich in potash and phosphate, and the extraction industry for these minerals is one of the largest in the world. Not surprisingly, two of Jordan's largest exports are chemicals and fertilisers. Pharmaceuticals and other industries represent 30% of Jordan's Gross Domestic Product (GDP), and 75% of Jordan's pharmaceuticals are exported. However, the majority (65%) of the economy is dominated by services, mostly travel and tourism. Most of Jordan's exports go to Iraq, the USA, India and Saudi Arabia.

Now let's look at imports. Unlike some other countries in the Middle East, Jordan does not have large oil or gas reserves. For that reason, Jordan has to import oil and gas for its energy needs. Its other main imports are cars, medicines and wheat. In 2013 CE, 23.6% of Jordan's imports were from Saudi Arabia. This was followed by the EU, with 17.6% of its imports. Other imports have come from China and the United States.

Jordan has more free trade agreements than any other Arab country, and it trades freely with many countries, including the USA, Canada and Malaysia. Which other areas are important for Jordan's trade? Jordan first signed a trade agreement with the EU in 1997 CE. It signed a free trade agreement with Egypt, Morocco and Tunisia in 2004 CE. In 2011 CE, another trade agreement was made with the EU, Egypt, Morocco and Tunisia. Trade with the EU and North Africa in particular is likely to grow.

1. Jordan trades freely with many countries. Write down four of these countries. (4 points)

2. Write down the sentence which indicates that Jordan has the world's largest extraction industry for potash and phosphate. (4 points)

3. Two main parts of services dominate Jordan's economy. Write down these two parts. (4 points)

4. What does the underlined word" pronoun \underline{it} refer to ? (2 points)

5. Find a word in the text which means " the value of a country's total output of goods and services". (2 points

6. What is the aim / purpose of this report? (4 points)
