: نمط التعداد النمط الاول

1. شكل السؤال :

اكتب اثنان منها write down two of them/ these

اكتب هذان الاثنان write down these two/ give two examples from

2. شكل التعداد في الفقرة : ويظهر بالفقرة على الشكل:

1. الإجابة با تحديد فقرة الاجابة : يحتوي النص المعطى بين 3-4 فقرات ولتحديد فقرة اجابة السؤال حاول البحث عن كلمات مفتاحية في السؤال موجودة في الفقرات بطريقة كوم قش وذلك بالنظر عن بعد لكل فقرة باحثا وليس قارئا عن الكلمات المفتاحية وعند ايجادها تحدد الفقرة
ب: تحديد شكل التعداد : ستجد الجواب غالبا بعد هذه الكلمات إما بجملة أو جملتان
إن كانت الكلمات موجودة في آخر الفقرة سيكون الجواب غالبا الجملة السابقة

2. اعطاء معنى الكلمة المفتاحية بالانجليزي بدلا منها بهدف التضليل مباشرة بعد that : اعتماد الطالب على حفظ معاني كلمات القطع الرئيسيه يكون مساعدا

The text has four paragraphs, in which paragraph (A-D) can you find information about the following?

Most doctors used to be skeptical about the *validity* of homoeopathy, acupuncture and other forms of complementary medicine. If patients wanted to receive this kind of non-conventional treatment, they used to have to consult a private *practitioner* who was likely not to have a medical degree. However, in recent years, the *perception* of this type of treatment has changed. These days, many family doctors study complementary medicine alongside conventional treatments, and many complementary medicine consultants also have medical degrees.

At a surgery in London, 70 per cent of patients who were offered the choice between a herbal or a conventional medicine for common *complaints* such as *insomnia*, arthritis and migraines chose the herbal remedy. Fifty per cent of patients then said that the treatment helped.

One doctor said, "I now consider homoeopathy to be a viable *option* for many different conditions, including *anxiety*, *depression* and certain allergies. It provides another option when conventional medicine does not *address* the problem *adequately*."

However, complementary medicine cannot be used for all medical treatments. It can never substitute for immunizations as it will not produce the *antibodies* needed to protect against childhood diseases. It also cannot be used to protect against malaria.

One doctor said, "I will always turn to conventional medical treatment first to ensure that no *underlying* condition is missed. However, the idea of complementary treatments is no longer an *alien concept*.. In my opinion, it should work alongside modern medicine, and not against it."

1. Patients suffer from many complaints which make them choose herbal medicine. Write down two of these complaints.
2. Complementary medicine can't be used for all medical treatments, for two reasons write them down?
3. Quote the sentence which indicates that doctors were having doubts about complementary medicine in the past.
4. Find a word in the text which means" **Effective and able to be successful**"
5. What does the underlined word "they" refer to ?
6. Complementary treatments should work alongside modern medicine, not against it. Think of this statement, and in two sentences, write down your point of view.
7. Some people prefer to be treated with different forms of complementary medicine rather than conventional medicine. Suggest three reasons for this attitude.

Answers :

1. *insomnia*, arthritis and migraines
2. *It can never substitute for immunizations. It also cannot be used to protect against malaria.*
3. *Most doctors used to be skeptical about the validity of homoeopathy, acupuncture and other forms of complementary medicine.*
4. *viable*
5. *patients*

الاجابات

1. He has already put a lot of effort into catching it. +It is possibly also something that could help him feel young again.+ He may also feel ashamed that he has failed to catch anything for the past eighty-four days+ to prove to the rest of the village that he is still a good fisherman
2. Perhaps he is remembering his youth and wishing that he was young again so that he had the strength to deal easily with the problems at sea. Lions also signify strength. So, as well as the theme of memory, the dreams relate to the theme of strength.
3. The waiter couldn't speak their language and was trying to explain about the sharks. However, the tourists only understood 'shark' and assumed that the skeleton was the skeleton of a shark.
4. The fish is an important representation of strength within the story. After it bites the line, Santiago is constantly in competition with it, needing to use 'all his strength' (line 14) to stay in his boat. It is also significant, since even though it is stronger than Santiago, he manages to catch it.
