We arrived at the Royal Automobile Museum at five to ten. It's ten o'clock now and the museum is open.

We're going to see all the cars and motorbikes. We're going to learn about the oldest car and the oldest motorbike in the collection.

The oldest car is more than one hundred and twenty years old. The oldest motorbike is more than one hundred years old. We're going to look for the fastest car and for the fastest motorbike in the collection. The fastest motorbike is very powerful. The fastest car in the collection is faster than the fastest motorbike.

• powerful • ten o'clock • oldest • motorbike • car • five to ten

1 Kareem arrived at the museum at _____.

2 The museum opens at _____.

3 They're going to learn about the _____ cars and motorbikes.

4 The oldest _____ is more than one hundred and twenty years old.

5 The oldest _____ is more than one hundred years old.

6 The fastest motorbike is very _____.

7 where did they arrive at the Royal Automobile Museum?

8 how old is the fastest car in the museum?

9 How old is the fastest motorbike in the museum?

10 T or F The fastest motorbike is very weak. ()

11 T or F The fastest car is very powerful. ()

12 T or F The fastest motorbike in the collection is faster than the fastest car. ()

We were at the Children's Museum from nine o'clock to one o'clock. My friends and I enjoyed it very much. My mother and father are going to take me there again in the holidays. I'm going to show them my favourite part of the museum. It's in the 'stars and space' room. You go inside a little planetarium and look up. Then you can see the planets and lots of stars – it's great. I liked the museum shop too. I bought a book about the planets. My favourite planet is Jupiter. It's the biggest planet and it's got more than 50 moons! Jupiter is very colourful but I think the Earth is the most beautiful planet.

We're going to have some lessons about space next week. We're going to learn about the planets and we're going to look at some models and draw some pictures. I like this subject.

It's ten to four .

It's _____ .

It's _____ .

It's _____ .

It's _____ .
