FINAL EXAM / LEVEL THREE**

NAME:

DATE : / 12 /2016

Read the following text carefully , and then in your ANSWER BOOKLET answer all the questions that follow. Your answers should be based on the text.

A: What is the ‘Internet of Things’?

Everyone knows that the Internet connects people, but now it does more than that – it connects objects, too. These days, computers often communicate with each other; for example, your TV automatically downloads your favourite TV show, or your ‘sat nav’ system tells you where you are. This is known as the ‘Internet of Things’, and there’s a lot more to come.

B: An easy life!

In just a few years’ time, experts say that billions of machines will be connected to each other and to the Internet. As a consequence, computers will increasingly run our lives for us. For example, your fridge will know when you need more milk and add it to your online shopping list; your windows will close if it is likely to rain; your watch will record your heart rate and email your doctor; and your sofa will tell you when you need to stand up and get some exercise!

C: A frightening future

Many people are excited about the ‘Internet of Things’. For them, a dream is coming true. They say that our lives will be easier and more comfortable. However, **others** are not so sure. They want to keep control of their own lives and their own things. In addition, they wonder what would happen if criminals managed to access their passwords and security settings. The dream could easily become a nightmare!

Question Number One: (20 points)

- A. 1** Some people are pessimistic about the Internet of Things for two reasons. Write down these two reasons. (2 points)
- 2.** There are some examples showing that computers will control our lives. Write down two of these examples. (4 points)
- 3.** Quote the sentence which indicates the Internet is developing . (3 points)
- 4.** Find a word in the text which has the same meaning as “ **speak to** “ (2 points)
- 5.** What does the underlined word '**others**' in the last paragraph refer to? (2 points)
- 6.** Digital information can be used beneficially in a variety of ways . Explain this statement , suggesting three benefits of using digital information. (3 points)
- 7.** The Internet is a fantastic tool if it is used correctly .Think of this statement and, in two sentences, write down your point of view. (2 points)
