

## The First Exam

NAME .....

Class: 7<sup>th</sup> grade

Grade: .....

### Reading Comprehension

10 marks

\*Read the following text, and then answer the questions below:

*What will the façade of a flat building look like in forty years? Not too much different from what they look like now. Homes that have already been built will stay as they are, at least from the outside. Despite a rise in population, need for more housing and advancing technology, we're not too likely to be living in a floating city.*

Q1: What will the flats look like in 40 years?

.....

Q2: What will be the effects of the rise in population?

.....

Q3: What does "Green Homes" mean?
