INTRODUCTION

Introduction

Action Pack 4 (New Edition) is the fourth level of a twelve-level course for young Jordanian learners of English. It aims to introduce English gradually and efficiently through fun activities, games and songs.

These activities not only enable pupils to understand and communicate in English, but also promote a positive attitude towards language learning.

Learning economy

In modern societies, knowledge can be considered the most important resource of all. The term 'learning economy' has been coined to identify this idea, according to which all members of society are encouraged to engage in lifelong learning, which ensures both their adaptability to societal change and their future employability. As technological developments gather pace in the contemporary world, human beings can no longer depend on the skills they acquire at school to see them through their working lives. There is therefore an ever more urgent need for pupils to 'learn how to learn', to enable themselves to continually adapt to the changing world around them.

Action Pack 4 (New Edition) builds on the foundation for this process of lifelong learning. Pupils are expected to try out tasks that will become relevant and meaningful in their future lives such as respecting the routine (going to the mosque, waking up at a specific time, having breakfast, etc.), playing sport, helping the environment (caring for animals and planting trees), using the computer, etc. Throughout the course, pupils learn about the culture and heritage of Jordan, the museums, different geographical areas and cities (Petra, Ajloun, Aqaba, Madaba, etc.), the value of keeping in touch with family and friends, etc.

Components

The course consists of five components:

1 Pupil's Book

The Pupil's Book consists of eighteen units, four of which are Review units. The Review units offer opportunities for pupils to recycle new language. Each unit consists of six lessons. This level focuses on the characters, brother and sister Kareem and Samira, and their family and friends. New language is presented in the context of themes that will be familiar to the age group: visiting places in Jordan and Jordanian culture, playing sports, school subjects, animals, nature and the solar system. Grammar is not to be taught explicitly. No grammar rules are to be presented. Pupils revise the use of the present tenses and learn the future with *going to* as well as the past simple. This is all in a Jordanian context, making the topics in *Action Pack 4 (New Edition)* relevant to the pupils' situation and learning experiences.

2 Activity Book

The Activity Book is also made up of eighteen units, four of which are review units. The activities correspond to the material first met in the Pupil's Book. The Activity Book practises and develops the material presented in the Pupil's Book. Non-listening Activity Book exercises may be set as homework and checked as a class in the following lesson.

3 Teacher's Book

This Teacher's Book consists of lesson plans with detailed guidance on how to teach all the activities in both the Pupil's Book and the Activity Book, along with suggestions for further activities. Answer keys are provided for activities

where necessary. There are also tapescripts for all the recorded material.

Each lesson begins with a list of outcomes, highlighting the key language to be achieved, any new vocabulary featured in the lesson and the lesson topic. Any additional materials and resources that may need to be prepared beforehand are also listed, including flashcards and wall charts that may be used during the lesson.

Step-by-step teaching notes on how best to exploit the material then follow. Lessons typically begin with a warmer, usually revising language from the previous lesson. Techniques on how to present new vocabulary and language are included when appropriate. There is also usually a 'Further practice' activity and an 'End the lesson' activity, usually a fun task that ends the lesson.

Some of the Pupil's Book lessons also have extra work in the form of photocopiable worksheets, which, again, will be found at the end of the Teacher's Book.

The pupils by this stage are at elementary level and have mastered some basic expressions and structures in English. The aim is to develop a learner-centred approach, relating what they learn to their own situation. As they develop their language skills, this approach becomes easier to manage. By the end of this level, they should be beginning to speak and write more freely about their personal situations.

4 Cassette or CD

The cassette or CD includes all the recorded material and songs. The material is spoken by native English speakers and is carefully graded to be appropriate to younger learners. Full tapescripts of all the recorded material are provided in the Teacher's Book, including the listening tests at the end of the Teacher's Book.

5 Flashcards and Wall Charts

Pupils are more likely to remember language when it is presented visually through colourful pictures. To aid learning, there are flashcards and wall charts which accompany the course.

Always try to use flashcards and wall charts to present new language in the course. Flashcards, necessary for specific lessons, are always indicated in the lesson boxes. Remember, too, that the flashcards can be used again, either for revision in later lessons, or as prompts in particular exercises. They can also be used in fun activities such as memory games.

Wall charts for particular lessons are also listed in the lesson boxes. Each wall chart covers a particular topic, for example, sports, activities, etc. In conjunction with the flashcards, they can be used to present or reinforce new language, for revision, and for specific games and activities. However, because there is more than one word on the wall charts, they can best be used to check understanding. Say a word on the wall chart and ask pupils to point to the relevant picture, or point to a picture on the wall chart and ask pupils to name the object.

Specific tasks and activities give further ideas on how to fully exploit the flashcards and wall charts within lessons.

Preparing for the lessons

Each unit, except for the Review units, covers six lessons.

Lesson 1 typically consists of a short story, presented around story frames. The language is presented by native English speakers on the cassette and in the text boxes on the page. Pupils listen to the story and follow the text in the text boxes as they listen. In order to aid understanding, flashcards and

wall charts can be used. In addition, using real objects (realia) whenever possible can help bring the situation to life. You can also draw sketches on the board to illustrate a concept or an object. Refer to Teacher's Book page 155 for some examples. In later units, pupils will be asked to use dictionaries to check the meanings of some words.

Lesson 2 develops the Pupil's Book first exercise, often giving pupils the opportunity to roleplay, acting out the scene in small groups. Pupils also complete the corresponding exercise in the Activity Book.

Lessons 3-6 allow pupils to practise the language presented in the first lessons in a variety of ways. They will have to listen, speak, read and write using the structures and vocabulary learned. Typical exercises are 'Listen and choose', 'Ask and answer', 'Read and match' and 'Listen and say'.

Lessons 3 and 4 practise the vocabulary and structures the pupils learned in Lessons 1 and 2. Lesson 3 is often a listening exercise and Lesson 4 is commonly a freer exercise where pupils speak about their personal situations. Lesson 5 is a reading exercise and pupils can be introduced to vocabulary here. There are a variety of activities to help pupils develop their reading skills. Finally, Lesson 6 contains a pronunciation exercise where consonant combinations are focused on. There are also some freer speaking activities in this lesson, and sometimes a song for pupils to sing along to.

To teach the numbers at this level, start by a general revision of what was learned in the previous level. Get pupils involved by relating the classroom activities to their immediate surroundings, for example by telling the number of certain items in the classroom.

- Hold a book and ask *How many books do I have?* Elicit *One*.
- Hold three books and ask *How many books do I have?* Elicit *Three*.
- Hold six pencils and ask *How many pencils do I have?* Elicit *Six*. And so on.
- After students have made a number of correct guesses, ask a volunteer to come to the front of the class and write the numbers from 0 to 10. Ask pupils to copy them in their notebooks.
- Then write numbers from 11 to 20 randomly – not consecutively to reduce rote guessing – on the board. Ask pupils to guess the numbers and write them in their notebooks.
- Then ask pupils what comes after 20. Elicit answers. Write 21 on the board and pupils copy.

There are exercises in *Action Pack 4 (New Edition)* which present the numbers 22 to 29 in Unit 2, page 11; the tens 30 to 60 in Unit 7, page 31; the tens 70 to 100 in Unit 14, page 59. Specific instructions to teach these numbers come in the unit instructions.

The learning of these numbers is reinforced in exercises at the end of the *Activity Book*.

There are Projects at the end of each Review Unit (Units 4, 9, 13 and 18) which comprise lessons 5 and 6. These Projects aim at consolidating the skills that the pupils have acquired in the corresponding units. In **Lesson 5**, the pupils are encouraged to work on the projects collaboratively in groups. They have to do research on some subjects that relate to their experiences. This gives them the opportunity to express their ideas and exchange opinions. In **Lesson 6**, they produce the projects on cardboards and include pictures and/or photos. This encourages the development of critical thinking and creativity. Finally they present their work to the class and get feedback which helps them increase their self confidence. Each project has a Photocopiable project worksheet at the end of the Teacher's Book (pp 156-160).

There are also optional projects that serve the same purposes. Encourage your pupils to do the projects to build self esteem and creativity.

Activities and procedures: Pupil's Book

The following are sample introductions.

Listen and read

This activity opens every unit, and is based around a story. It introduces the new vocabulary and language structures to be covered in the unit. Before pupils listen and read, prepare them thoroughly for what they will hear. Ask pupils what they can see in the pictures and pre-teach any new vocabulary with the flashcards and wall charts. Pupils then listen to the story and follow the text in the text boxes.

Play the cassette more than once, if necessary, and ask the class simple comprehension questions. Encourage pupils to ask their own questions as well. As with all tasks, listening should be fun and interactive. As for the language structures, pupils are not expected to learn the rules of grammar and the sentence structures directly. At this level, pupils are expected to receive enough language input that enables them to use the language without needing to learn the grammar rules.

Look and say

Pupils look at pictures and create sentences using newly learned structures and vocabulary.

Talk about you

Pupils work in pairs to talk about themselves, using learned language. As the course progresses, pupils can be encouraged to give more and more information about their personal situations.

Ask and answer

Two pupils read the example conversation aloud. The pupils work in pairs to practise asking and answering the questions about given prompts. This encourages pupils to provide answers about their own lives and use the learned language in situations relating to themselves.

Read and match

Pupils read a short passage and either match elements of it with the correct picture or match the beginnings and ends of sentences. In the case of pictures, you can begin by asking them to say what they can see in each picture. Sometimes there are comprehension questions as well for pupils to ask and answer orally.

Read and answer

Pupils read a short passage and ask and answer the comprehension questions given in the Pupil's Book. You can also use these passages as pronunciation practice by asking pupils to read them aloud. In some cases, pupils are asked to match the text to pictures before answering the questions.

Read and complete

In these activities, pupils first read the sentences aloud. Then, they complete the sentences or boxes with the correct words or phrases.

Listen and choose

In this activity, pupils listen to the information they hear on the cassette and point to the correct picture in the Pupil's Book exercise. First, ask pupils what they can see in the pictures and prepare them for what they are going to hear, in order to elicit relevant vocabulary. Then play the cassette. Ask pupils to say and compare their answers before playing the cassette again for a second or, if necessary, a third time. Check pupils' answers as a class. You can ask pupils to repeat the sentences on the cassette to check their pronunciation.

Listen and say

In this activity, pupils listen to consonant combinations and repeat them. Each sound is a combination found within a word that pupils have met earlier in the unit. Pupils repeat the sounds first and then the complete words. Play the cassette more than once if necessary.

Sing

There are various songs throughout the course, each incorporating vocabulary and grammatical structures studied during the lessons. Using Total Physical Response (TPR), encourage pupils to sing the song themselves with any appropriate actions. The TPR method is based on the fact that pupils learn their first language by relating the verbal input they receive to the physical movements or gestures. Similarly, a pupil learning a foreign language learns faster and more efficiently as he or she responds physically to the teacher's verbal input – in this case, a song. Through singing, pupils enjoy themselves and will quickly learn not only the tunes, but also the rhythms and patterns of English.

Before playing each song, look at the accompanying pictures and encourage the pupils to describe what they can see. Then, play the song for pupils to listen to. Play it again, a verse at a time. Encourage pupils to join in. Play it again; pupils will then begin to join in with confidence. There are usually further opportunities to practise the song in subsequent lessons.

Activities and procedures: Activity Book

Read and complete

In this activity, pupils look at a picture and write a word to complete a sentence. The words to use in the exercise are provided in a box below the rubric.

Read and circle Yes or No

This activity asks pupils to read sentences or a short passage and then answer questions by circling the correct answer.

Read and match

In this activity, pupils match questions with answers or sentences with pictures.

Read and answer

Pupils read a short text and write the answers to comprehension questions. If you wish, you can do these exercises orally with the class before they write. This will help weaker pupils to carry out the task.

Read, order and write

Pupils write the sentences with the words in the correct order, beginning with a capital letter and ending with a full stop.

Read and write answers

Pupils write full sentences to answer questions. Picture prompts give them the answers.

Read and order

Pupils read sentences and put them in the correct order. They write the number for each sentence.

Read and answer about you

Throughout the course, pupils will be asked to talk and write about themselves. This gives them the opportunity to use the language they learn in a truly meaningful way.

Write with capital letters

The pupils' ability to use correct punctuation is practised regularly in the Activity Book. Sometimes pupils are required to write capital letters, sometimes question marks and full stops as well.

Listen and write

Pupils listen to the cassette and write the sentences.

Look and write

A set of pictures acts as prompts for pupils to write full sentences following an example. They have to give some thought to what they write as it is not just a case of following the example; they will be expected to write positive and negative sentences.

Listen and point

Pupils look at consonant combinations and listen to a list of words on the cassette. They point to the correct combination. They then practise saying the words with a partner.

Trace and copy

Show pupils how letter combinations are written in joined-up writing or semi-cursive handwriting by modelling on the board. Pupils write the letters and then the letters within words that are known to pupils.

Complete and write

Pupils work in small groups to ask questions, fill in a table and complete and write sentences.

How to use *Action Pack (New Edition)*

The course uses Total Physical Response (TPR), based on the idea that initially pupils will understand and respond to language without actually using it. The course is graded accordingly, building up from gently asking pupils to respond physically to verbal instructions, for example, *Turn the page* or *Open your books*, to pupils actively using the language themselves.

TPR also relies on props such as flashcards, wall charts and realia, as well as actions, to provide a context that helps convey meaning. Young learners love to act out situations and imagine that they are the characters in the book. This is both fun, motivating and above all an excellent way of learning.

Outcomes

Besides the integration of language skills, the outcomes of *Action Pack 4 (New Edition)* reflect a broader kind of cross-curricular integration, in which the themes encompass various curricular areas. Examples of interdisciplinary teaching in *Action Pack 4 (New Edition)* include the following: talking about farming and places in Jordan (Pupil's Book, Unit 6 – Geography); talking about the solar system (Pupil's Book, Unit 10 – Science) and talking about the past in Jordan (Pupil's Book, Unit 11 – History)

Through using TPR and the lesson teaching plans, the course not only teaches English, but also shows pupils that language learning can be fun. As children of this age group have great enthusiasm but a limited attention span, activities are of a varied pace and duration, requiring short spells of concentration followed by fun and lively tasks. At the end of this grade, pupils will be able to:

Listening

- demonstrate recognition of basic English sounds and their combination in simple words (consonant combinations such as *pl*, *sh* and *ck*) and phrases, stressing the correct syllables;
- develop strategies to understand spoken words and short, simple sentences;
- demonstrate understanding of simple words in short, simple instructions, questions and guided exchanges.

Speaking

- pronounce learned short English words and sentences correctly;
- use simple words to participate in short, simple guided exchanges in familiar contexts (speaking about favourite things);

- take part in short, simple prepared presentations on familiar topics.

Reading

- demonstrate recognition of simple words;
- use reading strategies to understand short, simple reading material (e.g. stories, rhymes and short informational paragraphs);
- demonstrate understanding of short, simple reading material (e.g. short informational paragraphs, stories and poems);
- make connections between prior knowledge and experiences, and short simple reading materials;
- find simple information in English.

Writing

- write semi-cursive English letters correctly, legibly and neatly;
- write short, simple (completion, answering project) sentences and short paragraphs on familiar topics for specific purposes and audiences;
- use simple patterns to organise writing;
- apply knowledge of simple spelling, punctuation and usage.

More about the Course

Revision

There are regular specific revision units, but revision is also ongoing throughout the course. Each lesson begins with a task that recycles language from a previous lesson. It also ends with a task to consolidate what the pupils have learned. However, the specific revision units (Reviews) recycle language from the previous units in a new context. In this way, language is constantly recycled and revised, but in a new, motivating and fun way through the projects at the end of each Review unit.

You can also use the Review units to monitor your pupils' progress. Make a note of any areas of weakness, and try to allocate time to go back over the problem areas in a later lesson.

Assessment

As the new curriculum in Jordan is founded on new concepts in the field of teaching and learning, so is the assessment of learning. Teachers need to develop assessment strategies whose main focus is improvement of learning.

Assessment is the process of gathering information, over time and from a variety of sources – assignments, demonstrations, projects, performances and tests. Teachers and pupils gather information about what pupils know (knowledge and understanding), what pupils can do (skills) and what pupils believe (values and attitudes).

Note that pupils at this level should not be assessed for proficiency in grammar but in usage of the language.

Good assessment has the following qualities:

- It follows a systematic, planned process over time.
- It gathers helpful information about pupil learning in a fair way.
- It is concerned both with how the pupil learns and with the result of the learning.
- It shows progress towards outcomes, including knowledge and skills of the subject.
- It motivates pupils to learn better.
- It guides the teacher to judge the effectiveness of his/her teaching, to adapt the instruction and to plan the next steps.

Assessment may be conducted in a number of ways:

Performance Based; Observation; Communication; Collecting Data; Problem Solving Checklist; Reflection; Webbing;

Self and Peer Assessment; Peer-Evaluation of an Oral Presentation; Cause-Effect relationship; Concepts in Systems; Clock Graphic Organiser; Compare-Contrast.

Refer to pages 150 to 154 to read and learn about assessment strategies.

Phonics

The sounds of consonant combinations are introduced in the Pupil's Book with a *Listen and say* exercise, where pupils listen to and repeat a consonant combination sound and then the whole corresponding word. These words have already been met in context and will be familiar to pupils. The sounds are then reinforced with exercises in the Activity Book, where pupils complete the words concerned.

Writing

The Activity Book has carefully guided activities that extend pupils' writing ability in English. At this level, pupils are beginning to write sentences. In the Activity Book, the difficulty of the activities increase as the course progresses, so that they are writing full sentences without prompts in the latter half of the book.

Most of the writing tasks can be done individually or in pairs, but pupils can also check their answers with their peers and give advice if necessary. Go round and check that pupils are writing well. Give them plenty of help if necessary. Make sure that they are also sitting comfortably, with the book in the correct position: right-handed pupils tend to slope their paper slightly to the left while left-handed pupils slope their paper slightly to the right. Never encourage left-handed pupils to write with their right hand.

As for the handwriting practice, *Action Pack 4 (New edition)* introduces joined-up writing, also known as semi-cursive handwriting. In the previous levels, pupils practised tracing and copying print script; that is, letters in a word do not connect or join up. In joined-up (semi-cursive) writing, pupils add loops to some letters to help join-up *l, d, t, h, k, i, a, m, n* and *u* but not others such as *p, y, o* and *r*. Moreover, in writing

some letters, the pupils **do not lift the pen** at different points,

for example **A** is written with **only one pen lift**  and **Z**

with **no pen lift** at all .

In the Activity Book, *Trace and copy* exercises offer practice in handwriting skills. Every time you start the exercise, guide pupils to the letters on pages 72-80 at the end of the Activity Book. Then illustrate on the board how to start the letters as shown on these pages. Then give time for pupils to do the exercise in their Activity Book while you go around, monitor their skills and offer help when needed.

Classroom management

Throughout the course there are various activities that require pupils to work in pairs or small groups. Such activities are potentially motivating and useful. They offer pupils the opportunity to communicate in English in class time with the EFL teacher's guidance. They also have the advantage of allowing more pupils to participate in the use of English in contrast to a teacher-oriented EFL class.

With a large class of enthusiastic pupils, it is very important to keep order, especially when pupils are being encouraged to play games and complete active tasks. Always ensure that noise is at an acceptable level: creative noise is fine, but disruptive noise should be discouraged. Agree on a simple code beforehand: for example, tell pupils that if you put your finger to your lips or your hands over your ears, then the noise level is too high.

Good luck, happy teaching and enjoy the course!

Resources

- Pupil's Book, page 4
Exercise 1, Listen and read
- Cassette, Pupil's Book, Unit 1, Exercise 1
- Flashcards: Kareem, Samira, Ali, Laila, Miss Nadia, laboratory, library, P.E

- Show the class the flashcard *P.E.* Tell them *They are doing P.E.* Ask *Do you like P.E.? What do you do in P.E.?* Ask *Where do you do P.E.?* Teach *hall*.
- Ask the pupils *What's my job?* Elicit *You're a teacher.* Say *I'm a teacher. What are you? You're a pupil. You are all pupils.* Show the flashcard of the pupils doing P.E. Point to one of the pupils and ask *Is he a teacher?* Elicit *No, he's a pupil.* Ask *How many pupils are there in our class?* Elicit the answer.
- Say *We are studying English now. What lesson have you got after English?* Elicit answers from the class. Practise *after* with some more questions, e.g. *What do you do after breakfast every morning? What are you doing after school today?* Write *after* on the board. Say it to the pupils and choose pupils to read it as usual.
- Teach *break* by asking *Do we have break after English? When do we have break today?* e.g. *We have a break after Maths.*
- If you have a new pupil in your class, ask them to come to the front. Say *[Name] is a new pupil. He/She doesn't know where the library is. How will you help him/her?* Pupils can explain that they will take him/her there. Teach *I'll show him/her the library.* Then say *He/She doesn't know where the hall is, or the laboratory, or the office.* Say *Will you show him/her around the school?* Pupils reply *I'll show him/her around the school.* Check understanding by asking questions: *Can you sit in this classroom and show him/her around? (No); Do you have to visit each place in the school with him/her? (Yes)*
- Tell pupils they are going to meet some new characters in their book this year. Show them the flashcards of Kareem, Samira, Ali, Laila and Miss Nadia and tell them their names. Give the flashcards to different pupils in the class and tell them to pretend to be the character. They then introduce themselves to someone in the class. Help them with the following dialogue:
 - Hello, my name's Ali. What's your name?*
 - Hello, Ali. My name's Ahmed.*

Revision

- Greet the pupils saying *Good morning/afternoon, children.* Introduce yourself if necessary, saying *My name is Mr/Mrs/Miss ...*
- Ask a few pupils *What's your name?* Elicit *My name is (pupil's name).* Then ask them to introduce their neighbour, saying *Who is this?* Elicit *He/She is (pupil's name).*
- Write the following questions on the board:
 - What does your father do?*
 - What's the weather like today?*
 - What would you like for lunch today?*
 - What is your mother doing at the moment?*
 - What mustn't you do at school?*
 - What do you want to do this evening?*
- Pupils work in pairs to ask and answer the questions. Monitor as they are working, checking that they can remember these structures from the previous book. Go over any mistakes as a class.

Presentation

- Show the class the flashcard *library*. Say the word. Ask pupils to repeat after you. Then show them the word. You read it aloud and pupils repeat again. Ask individuals to read the word. Show some pupils the picture and elicit the word. Show some pupils the word and ask them to read it. Ask *What do you do in the library?* Elicit answers, e.g. *We read books/magazines/newspapers. We look for information. We don't talk., etc.*
- Repeat this with the flashcard *laboratory*. Note the pronunciation of this and practise with the class – there are four syllables. Ask *What do you learn in a laboratory?* Pupils respond.

Classroom Assessment

With reference to the presentation, pupils can:

Scoring criteria	Good	Fair	Poor
pronounce new words correctly			
explain what they do in the different places			
understand the concepts of <i>after</i> and <i>show around</i>			

Pupil's Book, Page 4, Exercise 1

- Say *Open your books at page 4*. You do it at the same time to remind them what to do.
- Say *Look at the pictures. Where are they?* Pupils answer *They are at school*. Ask *What places can you see in the pictures? (classroom, library and laboratory)*
- Ask pupils to listen to the recording and follow the words as they listen.
- Play the recording for the pupils again. Pause after each sentence for the pupils to repeat as a class. Ask individuals to repeat.
- Ask pupils some questions: *What is the teacher's name? (Miss Nadia) Who are the new pupils? (Ali and Laila) What do they do in the library? (They read books.) Do they speak English in the library? (No, they never talk.) Do they have English in the laboratory? (No, they have Science in the laboratory.) Where do they have P.E. lessons? (They have P.E. in the hall.) Where do they go after school? (They go to the park.)*
- Put pupils in groups of five. They will be Kareem, Samira, Miss Nadia, Ali and Laila. Play the recording to the class and ask the pupils to read out loud with their character.
- Pupils then practise the dialogue in their groups.

We always do our homework

1 Listen and read

Kareem: My name is Kareem. This is my friend, Ali. He is a new pupil.
Samira: My name is Samira. This is our classroom. Miss Nadia is our teacher.
Miss Nadia: This is Laila. She is a new pupil.
Samira: Hello! Come with us. I can show you around the school!

Samira: This is the library. We always read books here. We never talk in the library.

Kareem: This is the laboratory. We always have Science here.
Ali: Where do we have P.E. lessons?
Kareem: We have P.E. lessons in the hall. We always run and climb in P.E.!

Laila: What do you do after school?
Samira: We always do our homework. At the weekend, we go to the park. We ride our bikes in the park.
Kareem: Do you want to come to the park with us?
Ali: Yes, I do! Thank you!

Tapescript

- Kareem:** My name is Kareem. This is my friend, Ali. He is a new pupil.

Samira: My name is Samira. This is our classroom. Miss Nadia is our teacher.

Miss Nadia: This is Laila. She is a new pupil.

Samira: Hello! Come with us. I can show you around the school!
- Samira:** This is the library. We always read books here. We never talk in the library.

3.

Kareem: This is the laboratory. We always have Science here.

Ali: Where do we have P.E. lessons?

Kareem: We have P.E. lessons in the hall. We always run and climb in P.E.!

Samira: We always do our homework. At the weekend, we go to the park. We ride our bikes in the park.

Kareem: Do you want to come to the park with us?

Further practice

- In pairs, pupils ask each other: *What do you do after school?* Walk round the class as they are practising. Make a note of any mistakes and go over them as a class when they are finished, without saying who made the mistakes. It's important that pupils learn from their mistakes. If you indicate who made the mistake, you might discourage them from speaking freely, in fear of making another.
- Ask a few pupils *What does your partner do after school?* Make sure they use the 's' on the end of the verb, e.g. *Khalid plays tennis after school*.

End the lesson

- Say *Goodbye, children* to the class as they leave, and encourage them to reply *Goodbye, [teacher/your name]*.

Pupil's Book, Page 4, Exercise 1

- Say *Open your books at page 4*. In groups of five, pupils practise reading the dialogue. When they have finished, they can swap roles and do it again. Monitor as they are working and make note of any pronunciation mistakes. Go over the mistakes as a class.
- Give pupils statements about the story for them to correct. For example, you say:

Activity Book, Page 4, Exercise 2

- Say *Now look at Exercise 2*. Choose pupils to read the words in the box. As a pupil reads each word, ask the rest of the class to point to the correct pictures. Walk around the class as this is happening to check that pupils are pointing to the correct pictures.
- Explain that they have to read the sentences and complete them with one of the words in the box. Pupils work on their own to complete the activity.
- Pupils check their work in pairs. They can change answers if they wish.
- Check answers as a class by asking pupils to read the completed sentences aloud.

Answers

1. laboratory 2. library 3. hall 4. park

End the lesson

- Ask six pupils to look at the story and think of a question each. While they are doing this, ask the rest of the class to read the story silently and then close their books. The questions can be about the story or details about the pictures, e.g. *How many pupils are in the first picture?*
- Each pupil with a question asks the rest of the class. The pupils with the questions say if the class is correct or not.
- Ask pupils to read the story at home and make sure they understand the new words.

Lesson 3

Outcomes

- To pronounce short, simple questions and statements about time and activities with the correct intonation patterns
- To ask and answer short, simple questions using *Wh-* words (e.g. *where, what, when*)
- To write sentences about time

Structures

Resources

- Pupil's Book, page 5 Exercise 2, Look and say
- Activity Book, Page 5 Exercise 3, Ask and answer
- Flashcards: Kareem, Samira, Ali, Laila, laboratory, library, P.E
- Material: a cardboard clock

Revision

- Show the pupils the flashcards of the four characters. If possible, stick them to the board or wall. Then hold up one of the 'place' flashcards next to one of the characters, e.g. *the library next to Samira*. Ask *Where is Samira? What does she do in there? What doesn't she do in there?*

Presentation

- Show pupils the cardboard clock. If you haven't got a cardboard clock, draw a clock face on the board. Put the time at 1 o'clock for example. Revise asking and telling the time with *o'clock*. Elicit the question from the pupils *What time is it?* and the answer *It's one o'clock*. Ask pupils to take turns to put the clock to a different *o'clock* time and ask and answer the question.
- Check the intonation of the question and answer. Both should fall at the end.
 What time is it?
 It's one o'clock.
- Then revise/teach *a quarter past*, *half past* and *a quarter to*.
- Ask some questions about time (if it is level appropriate to the class) e.g. *What time do we start school?* *What time do we finish school?* *What time do you go to bed?* etc.

Classroom assessment

With reference to the presentation, pupils can:

Scoring criteria	Good	Fair	Poor
Ask and tell the time with <i>o'clock</i> , <i>a quarter past</i> , <i>half past</i> and <i>a quarter to</i>			

Pupil's Book, Page 5, Exercise 2

- Say *Open your Pupil's Book at page 5.*
- Ask questions about the clocks, e.g. say *Look at picture 2. What time is it on the first clock?* (*It's half past six.*)
- Look at each picture with the class and ask *Where is he?*
- Then point to the first picture and choose two pupils to read the two example sentences (one each).
- Pupils work in pairs to make sentences about the other pictures.
- Monitor as they are working. Choose pupils to say the sentences in front of the class to check answers.

2 Look and say

Answers

1. He always gets up at six o'clock.
He never gets up at a quarter past six.
2. He always has breakfast at half past six.
He never has breakfast at a quarter to seven.
3. He always goes to school at seven o'clock.

5. He always does his homework at a quarter past three.
He never does his homework at a quarter to seven.
6. He always goes to bed at eight o'clock.
He never goes to bed at nine o'clock.

Activity Book, Page 5, Exercise 3

- Say *Open your Activity Books. Turn to page 5.*
- Use the cardboard clock and the times in the activity. Show the pupils the time and ask *What time is it?*
- Then ask the pupils to work in pairs, taking turns to ask and answer the questions. Monitor as they are working, helping if necessary.
- Check the answers as a class.

Answers

1. It's a quarter past nine.
2. It's a quarter to three.
3. It's half past four.
4. It's eleven o'clock.

End the lesson

- Try a 'chain' exercise with the class. You start by saying: *It's half past six. I always get up at half past six. It's seven o'clock.* Ask a pupil to say a sentence about that time and to give another time. Go round the class, eliciting what they always do or never do at the times given. They need to listen very carefully for this activity. Try to keep it going at a good tempo.

Lesson 4

Outcomes

- To use complete sentences in short, simple guided exchanges based on familiar situations (e.g. daily activities)
- To write semi-cursive English words correctly, legibly and neatly (e.g. *always*, *never*)

Structures

We are learning about Aqaba for our school projects. Our school project is about Jordan. We like Aqaba. We like swimming and sailing. Kareem is good at swimming!

Further practice

- Ask the pupils to start writing a weekly diary in English. They can use a notebook or they can use their computer at home. Either way, tell them that you want them to give you it at the end of every week so that you can check it to help them with their English. Tell them they can ask you questions in it if they wish.
- Begin their diaries by checking today's date. Tell them they must always write the date in English. Revise how this should be written.
- They then use the English they learn in class to write some sentences. They can add pictures if they wish. For example, *I like listening to English songs in class. I like singing them. It is fun. Today we have break after science. We practise P.E. in the hall. Samira showed the new pupil around the school.*
- You can look at the diaries each week and write comments on them.

End the lesson

- Ask *What can you write in your diary for this week?* Elicit some suggestions from the pupils.

They have to write at least two questions with the present continuous, e.g. *Is Kareem phoning his grandmother?* Make sure they all write the questions down. Monitor as they are doing this. They should ask and answer the questions so they are sure of the answers.

- Then ask the pupils looking at picture 1 to pair up with a pupil looking at picture 2; pupils looking at picture 3 pair up with those looking at picture 4. If there is an odd number, there can be a couple of groups of three. With their books closed, they ask and answer their questions. The pupils asking the questions need to listen carefully and correct any mistakes.
- Ask a few pupils to ask their questions to the class.

Activity Book, Page 19, Exercise 1

- Say *Open your Activity Book at page 19. Look at Exercise 1.*

- Divide the class into four groups. Give each group a number. The first group has number 30, the second group has number 40, the third has number 50 and the fourth has number 60.
- Call out a random number from 30, 40, 50 and 60. For example, say 40, the group that has the number 40 stands up and says 40 out loud.
- Continue with the rest of the numbers and make sure every group has had the chance to practise these numbers.
- Then use the flash cards of the numbers 30, 40, 50 and 60 to hold one at a time and ask pupils to say the number.
- Write the numbers consecutively on the board. Ask pupils to come to the board and point to a number as you say it.

Pupil's Book, Page 31, Exercise 7

- Say *Look at the picture in Exercise 7. What can you see?* Elicit an answer from the class.
- Say *Listen and follow the words.* Play the recording of the song to the class. Check the pupils are following the words correctly.
- Play the first verse again. Ask *I wake up at half past six. What time do you wake up?* If the pupils don't understand this, mime *waking up*. Then ask the question again.
- Play the verses again, asking the pupils to join in.
- Divide the class into three parts. Each group practises and sings one verse to the class. Give them two or three minutes to practise.

Tapescript

We usually wake up at six o'clock
And we don't usually do anything special.
But today we're going on a school trip,
We're going to visit a castle!

We usually travel to school by car
And school starts at a quarter to eight.
But today we're walking across the bridge
To get to the castle gate.

We usually say goodbye to our friends
When school ends at a quarter past one.
But today we're at the top of the castle
Where it's nice and warm in the sun.

Activity Book, Page 30, Exercise 7

- Say *Open your Activity Book at page 30. Look at Exercise 7.*
- Choose a pupil to read the example sentence.
- Go through the exercise orally first, if you wish.
- Pupils complete the sentences.
- Choose pupils to read the sentences aloud. Check their pronunciation.

Answers

1. I'm drinking 2. I'm playing 3. I'm writing
4. I'm looking down 5. I'm travelling 6. I'm walking up

Activity Book, Page 30, Exercise 8

- Say *Look at Exercise 8.*
- Ask pupils to say what the pictures are.
- Explain that they are going to hear some words. They must listen and point to the correct picture. They can do this together and see if they agree or not. Play the tape.
- Now play the tape again, pausing after each word. The pupils point to the correct picture each time. Check they are doing this correctly.

Exercise 1, Listen and read
- Cassette, Pupil's Book, Unit 8, Exercise 1
- Flashcards: deer, forest, jackal, squirrel, wolf

- Then talk about the deer, saying *The deer is bigger than the squirrel.* Practise in the same way as the previous sentence.
- Show the flashcard of the *squirrel* and the *wolf*. Elicit two sentences from the class with *smaller* and *bigger*. Repeat with the *jackal* and the *deer*.
- Then choose items in the classroom to compare using *bigger* and *smaller*.
- Show the flashcard *deer*. Ask *Is it pretty?* Show the flashcard *wolf*. Ask *Is it pretty?* Say *I think the deer is prettier than the wolf.* *The deer is prettier than the wolf.* Ask pupils to repeat the last sentence. Then ask individuals *What do you think?* to elicit *I think the deer is prettier than the wolf.* Show different animal flashcards and elicit similar sentences.
- Say *Imagine you are in a forest. A squirrel sees you. What does it do?* Elicit *It runs away?* Ask *Why?* (*It's frightened.*) Say *You see a deer. Are you frightened?* (*Yes, I am.*) *What does the deer do?* (*It runs away.*) *Yes, the deer runs away. The deer is more frightened than you are.* Say the sentence few times and help pupils to repeat.
- Say *You see a wolf. Are you frightened?* (*Yes*) *Why?* Teach *dangerous.* Say *wolves are sometimes dangerous.* Pupils repeat the word and the sentence. Ask *Is a deer more dangerous than a wolf?* (*No*) *Is a wolf more dangerous than a deer?* (*Yes*)
- At this stage you want the pupils to understand the concept of the comparatives. They will practise the formation later in the unit.

Classroom assessment

With reference to the presentation, pupils can:

Scoring criteria	Good	Fair	Poor
pronounce new words correctly			
give sentences with <i>I think</i>			
understand the concept of comparatives			
say full sentences with comparatives			

Revision

- Ask a few children *Do you want to visit Aqaba, Ajloun or a farm? Why? What do you want to see?*

Presentation

- Show the class the flashcards *deer, jackal, squirrel, wolf* and teach the names of these animals. Practise the word *squirrel* a few times as they may have problems with the beginning *sq*.
- Then ask *Where do they live?* Show the flashcard *forest* and teach *They live in the forest.*
- Ask *Do you sometimes walk in a forest? Do you see any animals? Which animal do you want to see? Why?* Elicit suggestions from the class, teaching any new words, e.g. *I want to see a deer. It's pretty.*
- Then ask *Which animal don't you want to see?* Elicit suggestions from the class, teaching any new words, e.g. *I don't want to see a jackal. I'm frightened.*
- Ask *What do you think a squirrel eats?* Elicit suggestions from the pupils beginning with the structure *I think*, e.g. *I think they eat nuts.* Repeat with *deer*.
- Ask *Do you think a squirrel is big or small?* Pupils reply *I think a squirrel is small.* Say *Yes, a squirrel is small.* Put the flashcard on the board so all the pupils can see it. Then say *Do you think a deer is big or small?* Elicit *I think a deer is big.* Put the flashcard of the *deer* on the board.
- Say *Look at the deer and the squirrel.* Teach *The squirrel is smaller than the deer.* Pupils repeat. If they can't remember the whole sentence, help them by back chaining. You say *the deer*, with the correction intonation. Pupils repeat. Then say *smaller than the deer.* Pupils repeat. Say the full sentence and pupils repeat. Choose individuals to say the sentence.

Pupil's Book, Page 32, Exercise 1

- Say *Open your books at page 32. Ask Who can you see in the pictures? Where are they? Say Look at the first picture. What can you see?* Elicit *green trees.* Ask *Are the trees pretty? Is it winter?* Pupils reply *No, I think it's spring/summer.*
- Now say *Listen and read. Tell me who is frightened.*
- Play the recording for the pupils. Elicit the answer to your question (*Samira is frightened.*) Play again and ask the class, then get individuals to repeat the answer.
- Divide the class into groups of four, one pupil for each character in the story. They practise reading through the story. Monitor as they are reading, checking pronunciation. They can ask you *Does this sound correct?*
- Then ask some groups to perform in front of the class. Tell the other groups they will get a chance in the next lesson.

Unit 8

Squirrels are smaller than deer

1 Listen and read

Kareem: Today, we are in Ajloun Forest.
Samira: Look at all the pretty spring flowers and green trees!
Aunt Muna: Yes, the flowers are prettier in spring than they are in autumn.

Kareem: What's that animal? It's big. Is it a fox? Is it a jackal?
Aunt Muna: I think that it's a jackal.
Uncle Hassan: No, this animal is bigger than a jackal.

Kareem: What animals live in the forest, Uncle Hassan?
Uncle Hassan: There are squirrels, wolves, jackals and deer. Squirrels are smaller than the other animals. Squirrels live in the trees.

squirrel

wolf

A jackal is smaller than a deer.

3 Look and say

- elephant • lion • bear • giraffe
- cat • owl • eagle • frog
- big • small • tall • dangerous

An elephant is bigger than a cat.

Further practice

- Write the following words on the board: *small, big, tall, dangerous, frightened, beautiful*.
- Using flashcards and drawings on the board, practise the comparatives further. Write the sentences on the board so that pupils can see the full forms.
- Show pupils the flashcards *squirrel* and *wolf*. Point to *small* and elicit a sentence *A squirrel is smaller than a wolf*. Then point to *big* and elicit *A wolf is bigger than a squirrel*.
- Write the two sentences on the board. Show the pupils how we add *-er* to *small* and add *than*; with *big* we add *-ger* and add *than*.
- On the board, write *A wolf is _____ a squirrel*. Point to *tall* and elicit the sentence. Ask a pupil to come and fill in the spaces with *taller than*.
- Now point to *dangerous* and try to elicit the sentence *A wolf is more dangerous than a squirrel*. Write it on the board. Repeat the sentence.
- Ask pupils to look at the words at the top of the board again. Say *How many syllables are in 'small'?* Show them that there is one. Repeat with *big* and *tall*. Then ask how many syllables are in *dangerous* (3). Point to the sentence and show them the difference.
- We add *more* and do not add *-er* to longer words.
- Point to *beautiful*. Write on the board *A squirrel is _____ a wolf*. Ask the pupils to complete the sentence (*more beautiful than*).
- Say *A squirrel sees a wolf. The wolf sees the squirrel. Make a sentence with 'frightened'*. Elicit *The squirrel is more frightened than the wolf*.
- Write both of these sentences up on the board so pupils can see the structure clearly.
- Now write the word *pretty* on the board. Ask the pupils *How many syllables are in 'pretty'?* (2). Ask, *What do we do?* Pupils are likely to say (*add -er*). You can add *-er* to the word, but ask *Does this look right?* (No)

- Explain that when adjectives end in *y*, we remove the *y* and change the ending to *-ier*. Use a few more examples for practice. Get pupils to come up to the board to change the endings. For example:
- *heavy (heavier)*: (*An elephant is heavier than a squirrel.*)
- *noisy (noisier)*: (*A Jackal is noisier than a deer.*)
- Now write *A deer is _____ a wolf*. Ask pupils to complete the sentence (*prettier than*).

Activity Book, Page 32, Exercise 3

- Say *Open your Activity Books. Turn to page 32.*
- Ask the pupils to work in pairs to complete the sentences. Remind them of the sentences you have just practised. Point to the *-er* words on the board and the sentences with *more _____ than*.
- Check the answers as a class.

Answers

Presentation

- If possible, bring a picture of some flowers or something beautiful into class. Alternatively you can use the first picture on page 32. Ask *Do you like this/these? Why?* Elicit from the pupils *It's /They're pretty.* Teach the word *beautiful.* Say the word with enthusiasm to show that it means more than just pretty.

- Then ask them to look at the top of the page. Ask *What is this? (a letter)* Ask *How do you know it's a letter? (It begins 'Dear' and ends 'From')* Who is writing the letter? (*Kareem and Samira*) Who are they writing to? (*Ali and Leila*)
- Say *Read the letter. Tell me what is beautiful.* Pupils silently read the letter to themselves.
- When they have finished, ask them the question again and elicit the answer (*flowers in spring*). At this point you could ask them to name the other three seasons (*summer, autumn, winter*).
- Then ask the pupils to point to the words *beautiful* and *people*.
- Tell the pupils they have to write the words in the correct places. They can work in pairs to complete the exercise.
- Check answers as a class, asking pupils to read the sentences aloud. Encourage them to explain why they chose the answers, e.g. **Number 3:** *Squirrels live in trees; the other animals don't.*

4 Read and complete

Dear Ali and Laila,

There are many animals in Ajloun Forest. There are deer, jackals and wolves. They are all big animals, but jackals and wolves are more dangerous than deer. The squirrel is a small animal. It lives in the trees. Many people walk in the forest in the spring. The flowers are more beautiful in spring than in summer.

From Kareem and Samira

• deer • animals • flowers • people • squirrels

- 1 Jackals and other big _____ live in Ajloun Forest.
- 2 A wolf is more dangerous than a _____.
- 3 Small animals called _____ live in the trees.
- 4 There are more _____ in the forest in the spring.
- 5 _____ come to the forest to walk.

Jackals and other big animals live in Ajloun Forest.

34

Answers

1. animals 2. deer 3. squirrels 4. flowers 5. People

Further practice

- Read the text again but with wrong information. Pupils listen and correct what you say. For example:
There are many fish in Ajloun Forest. There are deer, jackals and elephants. They are all small animals, but jackals and wolves are more dangerous than lions. The deer is a small animal. It lives in the trees. Many people run in the forest in the winter. The trees are more beautiful in autumn than in spring or summer.
- Then see if the pupils can do the exercise with their books closed.

Activity Book, Page 33, Exercise 5

- Say *Turn to page 33 in your Activity Books. Look at Exercise 5.*
- Refer to the Handwriting Practice at the end of the Activity Book as a guide to demonstrate on the board how to form the letters *ch*. Pupils write the letters and then the word. Repeat with *al*.
- Monitor as they are writing, checking they are forming the letters correctly.

Activity Book, Page 33, Exercise 6

- Say *Look at Exercise 6.*
- Write the word *small* on the board. Ask a pupil to read it. Then ask the same pupil to read the example sentence. Ask pupils to say how it has changed.
- Ask them to work in pairs and try to do the exercise. Point out that there are some words to which we do not just add *-er* and *than*.
- Monitor as they are working to see who can do the exercise easily. Don't tell them, at the moment, if they are correct or not. If they are not correct, give them a clue by pointing at the example.
- Go over the answers as a class, choosing pupils to read the

sentences aloud. Write the answers on the board for pupils to check. If a pupil gives an answer that is incorrect, try and get them to correct it. If they cannot, ask *Can anyone help us?*

- When the correct answer is given, ask *Why?* Pupils should be able to explain why they gave an answer (*It is a short word, so you add -er and than.* / *It is a long word, so you add more and than.* / *The word ends in y, so you change the ending to -ier and add than.*)
- When you have finished, ask pupils to correct any mistakes. Monitor as they do this.

Answers

1. smaller than 2. bigger than 3. faster than
4. prettier than 5. more frightened

End the lesson

- Ask pupils to think of other words they know with *ch* (e.g. *chicken, children, chef, catch, teacher, kitchen, lunch*). Ask them to make sentences with the words to show they understand them. Note the different pronunciation of *chef* (*sh* rather than *ch* sound at the beginning).

Lesson 6

Outcomes

- To use simple words to participate in short, simple guided exchanges in familiar contexts (e.g. what they are going to do)
- To pronounce learned English words in reading a letter correctly
- To recognise the sounds of consonant combinations in the English alphabet: *fr*, *gr*, *pr*
- To write short, simple (completion, answering project) sentences and short paragraphs on familiar topics (e.g. describing people)

We like Ajloun Forest. There are lots of animals in the forest. Jackals and wolves are dangerous animals but they don't usually come near people.

Further practice

- Give each pupil an A4 piece of paper. Ask them to divide it into twenty boxes. Write the following words on the board:
 - across, bottom, bridge, camera, castle, century, chicken, farm, gate, go up, hotel, make a video, picnic, pick, plant, postcard, sun, top, twelfth.
- Ask the pupils to write one word in each box. They should write the words in the middle of the box. They then cut the boxes out and mix the pieces of paper up. They are going to play a game called *Snap* in pairs.
- Each pupil makes a pile of the pieces of paper and puts them face down in front of them. They should sit next to each other rather than opposite each other.
- The first pupil turns over a piece of paper. The second pupil then turns over the piece of paper. If the pieces of paper are the same, the first pupil to say 'Snap' gets all the pieces of paper on both piles. The pupil who gets all the pieces of paper is the winner. Explain that *Snap* here means *the same*.

Revision

- Ask pupils *Where does a shark live? Is a dolphin big or small? Is a turtle bigger than a goat? Is a wolf a dangerous animal? What does a deer eat?* Elicit answers. Accept all sensible answers to encourage pupils to participate.

Pupil's Book, Page 39, Exercise 7

- Say *Turn to page 39 in your Pupil's Book. Look at the questions in Exercise 7*. Ask pupils to volunteer to read the questions. Explain that they are going to choose one animal that lives in Jordan such as, the fox, the camel, the eagle... and make a leaflet. They work in groups to answer the questions and write a paragraph with a title. They may need to do some research in the school library to find information about the animal.
- Go round the class checking pupils' work. Encourage them to use as many details as possible to describe the animal they have chosen (size, colour, fast/slow, food it has, dangerous or not, etc.)
- After they have done so, ask students to write the paragraph neatly on a cardboard to make the leaflet. Explain that they should get pictures to complete the leaflet in the following lesson. Encourage them to surf the net to get attractive pictures. Alternatively, they can draw their own scenery.

Note:

'Deer' is used as both plural and singular noun.

Activity Book, Page 37, Exercise 6

Winter is the coldest*.
- Teach the new words using the flashcards *planetarium, planet, star, the Earth, the moon, the sun* or the wall chart. Show each flashcard or point to each picture on the wall chart and teach the word. Ask pupils to repeat after you. Show the flashcards to individuals and ask them to repeat.
- Ask comprehension questions:
 - Where can you see the stars? (in the sky)*

- Write some pairs up on the board, e.g. *squirrel – cat, owl – eagle, goat – deer*, etc. and let pupils make as many sentences as they can. Monitor as they are speaking. Go over any mistakes as a class.

Presentation

- Ask three pupils to come to the front. Make sure they are different heights. Ask them to stand in height order so shortest on the left and tallest on the right. Point to the shortest and middle pupil and ask the class to make sentences, e.g. *[Ali] is taller than [Muna]; [Muna] is shorter than [Ali]*. Do the same with the tallest and middle pupil so *[Ali] is shorter than [Ziad]; [Ziad] is taller than [Ali]*.
- Then ask the pupils to make sentences about *[Muna]* and *[Ziad]*, i.e. *[Muna] is shorter than [Ziad]; [Ziad] is taller than [Muna]*. Say *[Ziad] is taller than [Muna] and [Ali], so [Ziad] is the tallest. [Ziad] is the tallest*. Hold up your fingers as you say the words, point to your fingers so they can see there are four words. Ask the class to say the last sentence. Say *Tell me about [Ziad]*. Ask a few pupils. Keep holding your fingers up, and pointing to each finger when they say the sentence *[Ziad] is the tallest*.

Unit 11

Our city wasn't called Amman

1 Listen and read

Kareem: In the past, our city wasn't called Amman. It was called 'Philadelphia'.
Dad: Let's visit the old city today.
Kareem/Samira: That's a good idea!

Dad: This is the Roman Theatre. In the past, the Roman Theatre was bigger.
Kareem: Was the stage here?
Dad: Yes, it was.
Samira: Were there people here?
Dad: Yes, there were.

Mum: In the past, this street was a river.
Dad: There was a fountain and a big pool.

Samira: Were these trees here when you were young, Dad?
Dad: Yes, they were! These trees were smaller than me when I was young. Now, they are taller than the houses!

Tapescript

- Kareem:** In the past, our city wasn't called Amman. It was called 'Philadelphia'.
Dad: Let's visit the old city today.
Kareem/Samira: That's a good idea!
- Dad:** This is the Roman Theatre. In the past, the Roman Theatre was bigger.
Kareem: Was the stage here?
Dad: Yes, it was.
Samira: Were there people here?
Dad: Yes, there were.
- Mum:** In the past, this street was a river.
Dad: There was a fountain and a big pool.
- Samira:** Were these trees here when you were young, Dad?
Dad: Yes, they were! These trees were smaller than me when I was young. Now, they are taller than the houses!

Further practice

- Practise saying *was/were* sentences with the class. Give the pupils a starting sentence, e.g. *I was at the beach on Saturday*. Choose a pupil to repeat it. Then say *he*. A pupil says *He was at the beach on Saturday*. Then say *They* to elicit *They were at the beach on Saturday*. Go through the other pronouns, change 'at the beach' to other places and also change the day. Give them prompts so pupils give a new sentence each time. The quicker they are able to do this, the better their understanding.

End the lesson

- Tell the pupils to ask their parents about when they were little. Is the place where they live different now? Pupils should try to make some sentences about their area in the past to share with the rest of the class next lesson.

Lesson 2

- You choose a piece of paper but don't tell the pupils what it says. On the board, write *On Saturday, I was...* Say *Where was I on Saturday? Ask me*. Pupils ask, e.g. *Were you at the planetarium on Saturday?* You answer *Yes, I was.* or *No, I wasn't*. Continue until the class guesses where you were. Whoever guesses correctly comes and chooses a piece of paper.

Pupil's Book, Page 44, Exercise 1

Resources

- Pupil's Book, page 52
 Exercise 1, Listen and read
- Cassette, Pupil's Book, Unit 13, Exercise 1
- Cassette, Pupil's Book, Unit 11, Exercise 7
- Wall chart 5: The world

- In total, this is 21 pieces of paper. Alternatively, choose questions which have enough words so that each pupil has a piece of paper. (With the above sentences, you could write the question mark on a separate piece of paper, which would add four extra pieces, totally 25 pieces of paper.)
- Hand out the pieces of paper and ask the pupils to put themselves in the correct order to make sensible sentences. They might be slightly different from the above, e.g. *Who waved goodbye to you yesterday evening?* would be correct but obviously *When did you watch your new clothes?* would be wrong. If they are having problems, ask each group to read out their question. They can decide if they are right or wrong and if they need another word. If a word like 'new' is left out, ask pupils to work out where it could go.

Pupil's Book, Page 52, Exercise 1

- Say *Open your books at page 52.*
- Ask pupils to look at the picture and ask *Who can you see? What can you see?* Don't tell the pupils if they are correct or not, but let them find out when they listen and read the story.
- Say *Listen and read the story.* Pupils can now check their answers to *What can you see?*
- Play the recording for the pupils again. Pause after each sentence for the pupils to repeat as a class. Ask individuals to repeat, too.
- Pupils practise reading the text with a partner. They should check their pronunciation with each other, asking *Does this sound correct?* Monitor as they are reading. If you hear any mispronunciation, say to the pupils *Try that sentence again.*

Revision

- Show the class the Wall chart 5: The World. Ask pupils to come to the board and point to the *moon, sun, planet, star, the Earth*. They should say the name as they point.
- Ask questions to revise the vocabulary on the wall chart, e.g.
 - *When can we see the sun? (in the day)*
 - *Is it light or dark in the day? (light)*
 - *When can we see the moon? (at night)*
 - *Is it light or dark at night? (dark)*
 - *How many times does the Earth turn round in a day? (once)*
 - *Does the Earth go round the sun in a month? (No, it goes round the sun in a year.)*

Kareem: Yesterday we went to Madaba with Uncle Issa and Aunt Majeda. In the morning, we went to the museum. We saw bronze, silver and gold coins in the museum. They are very old coins. We bought postcards in the shop. We sent a postcard to Grandma and Grandpa. We had a meal in a restaurant at lunchtime. The food was delicious! In the afternoon, we visited Umm Ar-Rasas. It is an old city. We saw the mosaics at Umm Ar-Rasas. They are of birds and animals. We saw the tall tower. On the way home, we visited Mukawir. We saw the women of Bani Hamida. They make rugs from sheep's wool. The rugs are very colourful. Aunt Majeda bought a colourful rug.

- Check answers as a class, choosing pupils to read their answers aloud.

Suggested answers

- They sit in pairs and don't show their partner their sheet. The partner says *You bought a postcard yesterday.* The pupil says, e.g. *I didn't buy a postcard yesterday.* The partner tries to guess again until they get the right one. Then they swap and the other pupil sees if they can guess the right answer in fewer guesses.

End the lesson

Growing plants and trees

Resources

- Pupil's Book, page 69
Exercise 3, Look and say
- Activity Book, page 66
Exercise 4, Read, look and write answers

Revision

- Play the game you played in the previous lesson. Write *You must* on one side of the board and *You mustn't* on the other side. Divide the class in half – try and change the groups they were in from last lesson. This time, ask them to think of as many things as they can that they must/mustn't do at home. They should do this as quietly as possible so the other group doesn't hear. Tell them that each time their group gives a correct sentence they will get a point. If they give a wrong sentence, they will lose a point. Choose different pupils from each group to give the answers.

Pupil's Book, Page 69, Exercise 3

- Say *Open your Pupil's Book. Turn to page 69.*
- Point to the boy on the left and ask a pupil to read the example sentence. Ask different pupils *Where are you going?* They can use their imaginations and give different places. Choose a hot place. Say *We're going to [place name].* Choose a pupil to read the sentence on the right (*We must take a sun hat.*). Ask *Why?* (*because it's hot and sunny there*)
- Say *We must take a sun hat.* Hold up your Pupil's Book. Ask *Do we have to take this book?* Elicit *No, we don't have to take it.* Explain that we can if we want. We cannot say *We mustn't take it.* That would mean we're not allowed to take it.
- Say *Imagine we are all going on holiday to [place name]. Look at the pictures and tell me what we must take and what we don't have to take.* Pupils practise in pairs. Monitor as they are speaking. Elicit ideas from the class. If they disagree, they need to explain why.
- Check by eliciting sentences from the pupils.

Possible answers

We must take a sun hat.
We must take a camera.
We don't have to take a notebook and pen.
We don't have to take a mobile phone.
We must take T-shirts and shorts.
We don't have to take a digital radio.

Further practice

- Repeat the activity, but ask the pupils to sit with a different partner. Now, they choose where they want to go on holiday. It can be anywhere in the world.
- They have to decide what they must take and what they don't have to take. They can use the pictures in exercise 3 but they should add four or five other things.
- Ask some pairs where they are going and to tell the class two things they must take and two things they don't have to take.

Activity Book, Page 66, Exercise 4

- Say *Open your Activity Books at page 66. Look at Exercise 4.* Ask *Can you sail?* Elicit answers from the class. If someone can sail, ask some more questions *Is it fun? Is it dangerous? Can you swim?* Encourage the rest of the class to ask questions.
- Ask a pupil to read the example sentence (*I am learning to sail!*). Ask *Do you want to learn to sail? Why/Why not?*
- Ask a student to read the first question and another to read the answer. Go through the whole exercise orally.
- Pupils now write the answers.
- Check answers as a class, choosing pupils to read the questions and answers aloud.

Answers

1. Yes, you must sit down.
2. Yes, you have to be with your parents.
3. No, you don't have to take your sunglasses.
4. Yes, you must take this jacket.

End the lesson

- Ask the class *What do you want to learn to do?* Elicit answers from the class.

Revision

- Ask a pupil *Where are you going on holiday?* Explain that it doesn't have to be true.
- Ask the rest of the class *What does he have to take with him?* Elicit answers *He must take* If others disagree, they can say *He doesn't have to take that with him.* Let them explain their reasons if they can.

4 Read and answer

We must plant more trees. Trees are very important. Trees are homes for many animals and birds. They give us shade in the summer. They clean the air. Trees give us wood and paper. Every year on 15th January, children plant trees. It is an important day. We sing songs. We take photos and make videos. We watch the trees grow.

Are trees important?

- 1 Are trees important?
- 2 Where do many animals and birds live?
- 3 How do trees help us when it is hot?
- 4 What do trees give us?
- 5 What happens on 15th January?

Yes, they are important.

Pupil's Book, Page 70, Exercise 4

- Say *Open your Pupil's Book at page 70. Look at the picture. What is happening?* Elicit that they are planting trees. If possible, pupils tell you that it is *Tree Day*. Let the pupils tell you what happens at their school.
- Ask pupils to read the text quietly to themselves. Tell them there are some new words in the text and you will help them with them shortly.
- If possible, hand out some dictionaries. Choose a pupil to read the first four sentences. When it comes to the first new word (*shade*), help the pupil with the pronunciation if necessary. Ask the others to repeat. Ask *Is it cold in summer?* (No) *What is it like?* (*It is hot and sunny.*) *Do you like sitting in the sun all the time?* (No, *it's very hot.*) *Where do you sit sometimes?* (*under a tree*) *Why?* (*The sun isn't there.*) *That's right. There is shade under the tree.* Ask *Is it hotter in the sun or in the shade?* (*in the sun*) Ask pupils to find the word in their dictionary. Help them do this. Choose a pupil to read what it says.
- Choose a pupil to read the next sentence. When he/she comes to the word *clean*, help them with the pronunciation. Ask the rest of the class to repeat the word *clean*. Do the same for *air*.
- Say to a pupil *Clean the board, please.* Offer the pupil a board cleaner to do this. While he/she is cleaning the board, ask *What is he/she doing?* Elicit *He/She is cleaning the board.* When the pupil has finished, ask *What did he/she do?* Elicit *He/she cleaned the board.* Point to the fifth sentence in the book and ask *What do trees clean?* Elicit *They clean the air.* Ask *What is air?* Pupils might be able to tell you this from their Science lessons. Explain that air is all around us. Ask *Can you live with no air?* (No!) Ask them to check their dictionaries and invite a pupil to read what it says.

- Choose a pupil to read the next sentence. When he/she comes to the word *wood*, help them with the pronunciation. Ask the rest of the class to repeat the word *wood*. Say to the pupils *We get paper from trees. Can you touch something in the class that is wood?* Hopefully their chairs and desks are made from wood but if not, they should have pencils! Again, they can check in their dictionaries. Show the flashcard after they have looked in their dictionaries.
- Ask a different pupil to continue reading the text. Check they can say the date properly (fifteenth of January – we say the 'of', but we don't write it!).
- Ask pupils to work in pairs. They take turns to read the text to each other, asking *Does this sound correct?* if they are not sure. They then ask and answer the questions.
- Check answers as a class.

Answers

1. Yes, they are important.
2. They live in the trees.
3. They give us shade.
4. They give us wood and paper.
5. Children plant trees.

Activity Book, Page 67, Exercise 5

- Say *Turn to page 67 in your Activity Books. Look at Exercise 5.*
- Tell pupils they are going to make posters for *Tree Day*. Explain that the instructions are in this exercise, but first they have to match the answers. Ask pupils to work in groups of four to do the exercise. Choose a pupil to read the example sentence aloud.
- Monitor as pupils complete the exercise.
- Check answers as a class.

Answers

1. c 2. e 3. a 4. b 5. d

Further practice

- In their groups, pupils prepare a poster for *Tree Day*. They can show the class their work and talk about their poster for a minute. Display them on the wall and, if it is the right time of year, ask permission to display them in the school.

Activity Book, Page 67, Exercise 6

- Say *Now look at Exercise 6.*
- Show pupils by demonstrating on the board how to form the letters *ap*. Pupils write the letters and then the words. Repeat with *ng*. Remember to use the Handwriting Practice as a guide to trace and copy the letters.
- Monitor as they are writing, checking they are forming the letters correctly.

End the lesson

- Ask *Do you like Tree Day? Why? Did you plant a tree last year?*

 We went to Wadi Rum. It is beautiful. We saw the desert. We stayed in tents. We saw the stars at night.

2
 I went to Petra last summer with my family. I learned about how people lived in the past. People carved many buildings in the pink rocks.

3
 We visited Wadi Mujib. We saw many animals and birds. They are safe there. We saw the waterfall. We had a lovely walk.

Jackals, deer and wolves live here. There are beautiful flowers in spring. Birds and squirrels are in the trees. And the leaves and the grass are green.

- Say *Now look at Exercise 6.*
- Ask pupils to say what each photograph is (*a desert, a forest*).
- Say *Listen. Which picture are they talking about?* Play the tape. Ask pupils to choose the picture. If there are different answers, play the tape again. If they agree, play the tape pausing for pupils to repeat the sentences.

Tapescript

Further practice

- Ask pupils to look at the picture of the desert. Ask them the following questions: *Do animals live in the desert? (Yes) What animals can you see? (camels, birds) Are there flowers in the desert? (No) Can you see trees in the desert? (No) Is the desert green? (No)* Ask them to tell you anything else they know about the desert.

Activity Book, Page 71, Exercise 5

- Say *Look at Exercise 5 on page 71*. Choose pupils to read the words. Check their pronunciation.
- Ask pupils to work in pairs. First they cover the words, look at the pictures and say the word. They can ask each other *Does this sound right?*

Then with the words still covered, they spell them to each other. If pupils have problems with any spellings, ask them to write them in their diary and try to learn them.

Activity Book, Page 71, Exercise 6

- Ask pupils to bring to class the four projects they have worked on throughout the whole year.
- Let them look at their projects again so that they can remember what each project was about.
- Then, ask pupils to choose their favourite project and write a paragraph about it explaining why they chose it.

- Ask pupils *What did you do on Friday? Did you visit your grandparents? What did you do with your family on Saturday? Did you go to the museum? Did you play sport with your friends Monday after school? Where did you go on Thursday in the afternoon? Did you watch television on Wednesday in the evening?* Elicit answers. Encourage all pupils to volunteer answers.

Pupil's Book, Page 75, Exercise 7

- Say *Open your pupil's Book at page 75*. Read the first item under "Read and answer". Explain that they are going to work in groups to choose activities from the given table and write what they did each day last week. For example, they write *Last Friday, I visited my grandparents. On Saturday, I helped plant trees in my town. In the afternoon, I cleaned the beach with my friends.*
- After they have done so, ask students to write the diary neatly in paragraph form on a piece of cardboard. They can get photos or pictures from their homes to illustrate the activities.
- Go round the class checking pupils' work and helping when needed. Encourage them to use *Last Friday, On Monday, In the afternoon*, etc. in their paragraphs.

- Hand out *Project worksheet 4* on page 159 to pupils. Explain that they must write about an aspect of Jordanian life or culture. They could write about an event that they have visited, for example, or alternatively write about a visit to a town or city in the country. Pupils complete the project, including a picture or photograph. Pupils can present their work to the class.

Teaching strategies

There are a variety of *teaching strategies* that instructors can use to improve pupils' learning. The list below shows you some ways to make your classes more engaging.

Activity-Based Learning

Activity-based learning offers activities that guide pupils to understand new concepts through engaging them in real to-do tasks. This leads to better retention of the acquired knowledge and at the same time it leaves a positive impact on the pupil's attitude towards learning. For example, in the Pupil's Book in Unit 1, page 7, Exercise 8, Ask and answer, the teacher gets pupils involved in asking and answering questions about their school timetables.

Pre

- Ask pupils to look at Exercise 8 on page 7 and to read the example dialogue.

During

- Ask pupils to consider what other school subjects could be in the dialogue.
- Ask pupils to ask and answer the question in pairs.
- Then ask pupils to ask the same question about other days.

Post

- Ask pupils to say their dialogues to the class.

Experiential Learning/Games/Experiments/Simulations

Experiential learning aims at involving pupils in classroom tasks. Thus, the learning process is that of self-construction and not passive-reception of input. Your role as an EFL teacher is that of a facilitator in the learning process and provider of related tasks. An example in the Pupil's Book is Exercise 1 on page 16 of Unit 4, Listen and read.

Pre

- Ask pupils to look at Exercise 1 on page 16. Go through the exercise as outlined in the Teacher's Guide, Unit 4, Lesson 1.
- Explain to pupils that they will be writing a weekly diary in English. They can use a notebook or they can use their computer at home. Explain that you want them to give it to you at the end of every week.

During

- Ask pupils to think about what they would like to include in their diaries and to think about the words they will need to express their ideas.
- Pupils then use the English that they learn in class to write some sentences. They can add pictures if they wish.
- Get a couple of pupils to read out their sentences in front of the class.

Post

- You can look at the diaries each week and write comments in them.

Games, experiments and simulations are specific tasks to implement Activity-based learning. They provide hands-on experiences that engage pupils. Pupils enjoy doing the tasks and realise that learning can be fun. The role of the EFL teacher is to ensure that pupils have the appropriate material to complete the task. An example is in the Pupil's Book in Unit 5, page 21, Exercise 3, Ask and answer, where pupils try to guess what the other pupil is miming.

Pre

- Ask pupils to look at page 21 and Exercise 3. Pupils read the example dialogue.
- Go through the different activities listed; ask questions to check that they understand them.

During

- Put pupils into pairs and explain that they should act out/mime an activity from the list. They should take it in turns so that they both act out an activity.
- Pupils ask and answer the questions in order to guess which activity their partner is doing.

Post

- Ask several pupils to perform their dialogues to the class.

Group work

Group work offers pupils the chance to work according to their own uniqueness, individual characteristics, styles and likings. Moreover they'll get immediate feedback for their performances from other members of the group. There are various ways to implement group work. Your role as an EFL teacher is to manage this type of activity. You could allocate pupils in equal-sized groups or you could ask them to volunteer to be members of a group. Suggest a name to each group using concepts which pupils easily associate with as part of their experiences such as colour, number or toys. Pupils will enjoy having a name which gives them a sense of belonging. Group work can take different forms such as pair work, cooperative and collaborative learning. For example, in the Pupil's Book on page 13 in Unit 3, Exercise 2, Listen and match.

Pre

- Ask pupils to look at Exercise 2 on page 13. Go through the exercise as outlined in the Teacher's Guide, Unit 3, Lesson 3.
- Now say *Look carefully at the pictures*. Divide them into two teams. Write on the board: *I can see something beginning with...*

During

- Then say *I can see something beginning with b*. Write the letter *b* on the board. Pupils can ask you *Is it a book?* (No) *Is it a bed?* (Yes). Let the team who guesses correctly choose the next item.
- Pupils now interact with the other team, asking and answering the questions.

Post

- Go through any pronunciation issues.

Teaching strategies

Pair work is a type of group work where pupils are put in pairs to work on a task. This encourages pupils to participate more enthusiastically in discussions. Pupils feel less threatened to get engaged than if they have to face a larger group, or the teacher and other classmates in a teacher-fronted class. An example of pair work is in the Pupil's book, in Unit 3, page 15, Exercise 6, Look and find.

Pre

- Say *Now look at Exercise 6.*
- Point to the computer and say *What's this?*
- Choose different pupils to read the words aloud.

During

- In pairs, pupils match the words and the pictures.

Post

- Check answers as a class.
- They then sit with another partner and ask questions.
What's this? Have you got a computer at home? Where is it? What do you do on your computer?

Cooperative and Collaborative Learning

Cooperative and collaborative learning takes place in a group or pair work. Every pupil has a role that he/she can play according to their ability and preference: a guide or spokesman. You can change the grouping system in every task or every now and then so that pupils have different roles with different members of a group.

Critical Thinking

Critical thinking is a very complex concept; it involves construction of meaning through the application of various levels of thinking such as connecting, inferring, analysing, judging, etc. Your role as an EFL teacher is to guide the pupils to ask questions and find answers to solve problems. An example is in the Pupil's Book in Unit 3, page 13, Exercise 2, Listen and match.

Pre

- Say *Open your Pupil's Book. Turn to page 13.*
- Say *Look at picture b. Where is Mum? (She's in the living room.) What's she doing? (She's talking on the phone.)*
- Choose a pupil to read the example sentences.

During

- Tell the pupils to look at the second picture and to take turns saying what the people are doing and adding more information where they can.
- Monitor as they are describing the pictures.

Post

- Ask some pairs with good ideas to tell the other pupils what they think is happening.

Planning routines

One kind of Graphic Organiser strategy is *planning routines*. Pupils are encouraged to plan their own routines by using a monthly planner.

Pre

- Prepare a monthly planner for each pupil. The A4 paper should have the following table plus a list of the words in boxes that the pupils can copy.

Month	Planner
January	
February	
March	
April	
May	
June	
July	
August	
September	
October	
November	
December	

- List of activities: *plant a tree, go to the beach, make a video, go to Ajloun, play volleyball, start school, finish school, visit a farm, visit the Roman Theatre, go sailing, visit Petra, go to Madaba*

During

- Give out one monthly planner every pupil.
- Read the words aloud and ask the pupils to repeat to each word.
- Explain to pupils that they write the phrases in the *Planner* column, next to the corresponding month, using the **going to** structure.
- Encourage them to add as much information as possible, for example, by using family members or extra details. Give them examples of what you are going to do. You could write a couple of sentences on the board.
e.g. *In May, I'm going to plant a tree in the garden.*
I like spring.
In August, I'm going to go to the beach with my family.
We're going to have a picnic.

Post

- Pupils share with the class what they plan to do.
- Pupils affix their monthly planner on the wall.

Assessment strategies

This section describes and analyses *assessment strategies* and presents samples that show how they might be used in the classroom. There are various ways to group such strategies; different techniques serve different purposes.

Performance Based

Performance-based assessment is the process of using pupils' activities, rather than tests or surveys, to assess skills and knowledge. Use portfolios as a method of reporting such assessment. A portfolio can be a folder that allows the teacher to store a pupil's performance work, such as oral recounts and selected work of the pupil (projects, etc.).

The following is a table that can be used to keep a record of a pupil's activity:

Pupil's Name: _____ **Date:** _____

Activity & outline of the topic	Purpose & objectives of the activity	Expected outcomes to be achieved	Achieved outcomes	Is working towards outcomes	Needs to work harder to achieve outcomes

When you ask pupils to act or role-play for the class, the performances could be videotaped. Review a sample of the performances against a set of criteria.

The following could be used to assess pupils' singing and presentation skills, for example:

Singing Skills

Song: _____

Pupil being evaluated: _____

Skills checklist (20 points possible)

_____ energy and projection (3)

_____ singing in unison (4)

_____ expression (4)

_____ tonal quality (3)

_____ correct rhythm (3)

_____ posture (3)

_____ total points for singer(s) (20)

Comments:

Observation

Observation is a direct means of learning about pupils. It involves seeing and recording what they know or do not know and can or cannot do. An important observation tool is anecdotal notes which are written during a lesson, as pupils either work in groups or individually, or even written after a lesson. One way to facilitate this process is to select five pupils per day for observation.

Photocopy or write out and copy each of the following checklists for each pupil. The first records anecdotal notes of listening and speaking, and the second records pupils' attitudes and social behaviour.

Insert the name of the pupil on each sheet. With these sheets you observe each pupil four times in a year. You can change this to suit your situation. You can do it more often if you have smaller classes, for example four times a term. Under 1st/2nd/3rd/4th write the dates you carry out each observation. You should see an improvement as time goes on.

Communication

Pupils may have difficulty getting their point across clearly. When it comes to *communication*, what they say and what they do not say are equally important. You can use various ways to assess your pupils, such as interviews and evaluating classroom discussions. Interviews involve observing and questioning pupils to get a better idea of their attitudes, thinking processes, level of understanding, ability to make connections or ability to communicate or apply concepts.

The following is an example of a performance task interview which could be used in tandem with the revision section of Unit 18. If you omit the *last week* column and questions 3 & 6 from the interview questions, this chart could be used alongside Unit 7.

Performance Task Interview

Materials: Activity chart for different days, frequencies & times.

Instructions: Devise a chart like the one below. Ask a pair of pupils to come to the front and examine the chart carefully for a couple of minutes.

Guide the pupils time to write their answers to the questions in the *My answers* below. Then get Pupil A to ask Pupil B the questions. Pupil B will read out his/her answers. The pupils should note down what the other says in the *My partner's answers* box. Then swap the roles over so Pupil B asks the questions and Pupil A answers them.

Interview Questions	My answers	My partner's answers
1) What do you usually do on Wednesday afternoon?		
2) Now it's Tuesday afternoon. What are you doing?		
3) What did you do last Monday morning?		
4) Now it's Sunday afternoon. What are you doing?		
6) What do you usually do on Thursday afternoon?		
5) Tell me one thing you did last week.		

Collecting Data

Data sheet:

Usually	Now	Last Week

Now, you can assess the pupils using the following:

Problem Solving Checklist:

Criteria	Pupil 1	Pupil 2
1. Correctly using adverbs of frequency		
2. Correctly using third-person singular		
3. Using the correct tense (Usually = Present Simple, Now = Present Continuous, Last Week = Past simple)		
4. Correct intonation/ pronunciation		

Reflection

Reflecting on experiences and practices is not just about learning from mistakes, but also about being self-aware. The Reflective Feedback task which concludes the Performance Task above provides a good example of this. It helps pupils to make reasoned judgements about their performance and development. *Reflection* and self-assessment skills are demonstrated by the active and creative seeking of knowledge for problem solving.

Graphic organisers are an important tool to help pupils reflect. They are maps that involve pupils in thinking skills such as sequencing or comparing and classifying, to create representations of concepts and processes. These mental maps depict complex relationships and can make abstract ideas more visible and concrete. Examples of graphic organisers are: Webbing, What We Know/Want to Know/Learned (K-W-L) Chart, and Self- and Peer-Assessment.

Reflective Feedback

Ask each pupil to circle one of the faces for each question to find out how they felt about the activity. You may use Arabic to give instructions.

How did you feel about this activity?

1. I understood what I have to do. 😊 😐 😞
2. I found it easy. 😊 😐 😞
3. I didn't need help to do it. 😊 😐 😞
4. I would like to do it again. 😊 😐 😞
5. I had enough time to do it. 😊 😐 😞

Webbing

Webbing is one way of making a visual representation of a lexical set. The pupils can create these in their exercise books or you can ask them to make some to put on the classroom walls. You can then revise lexical sets whenever you have a few spare minutes.

Assessment Comments:

Understanding of the main lexical set: Good ____ Fair ____ Poor ____
 Ability to provide examples: Good ____ Fair ____ Poor ____
 Accuracy in writing examples: Good ____ Fair ____ Poor ____

K-W-L Charts (what we Know, what we Want to know, what we Learned)

Before the unit, K-W-L charts enable you to gain an awareness of pupils' backgrounds, prior knowledge and interests. Afterwards, they help you to keep a record of what has now been learned.

Sample K-W-L Chart

K	W	L
Starting a new school year – times and timetables	Adverbs of frequency with times	

Assessment strategies

Before a unit of study, ask pupils to fill in the K and W columns by asking them what they know about the topic and what they would like to know by the end of the unit. For example, in the K-W-L chart on page 152, pupils already know times a quarter past and a quarter to the hour (K) having met them in *Action Pack 3 (New Edition)*; they will learn how to use adverbs of frequency alongside time (W) in Unit 1 of this level. This helps to keep pupils focused and interested during the unit and gives them a sense of accomplishment when they fill in the L column following the unit and realise that they have learned something.

Self- and Peer-Assessment

Ask pupils to reflect on, make a judgement about and then report their own or a peer's behaviour and performance. Use the responses to evaluate both performance and attitude. Typical assessment tools could include sentence completion, likert scales or checklists.

Likert Scaling is a method in which a concept is measured according to a set of items that can be rated on a 1 to 3 response scale. The following is an example of a peer-evaluation sheet for use in a situation in which pupils introduce themselves to the class.

Peer-Evaluation of an Oral Presentation

	3=Good	2=Fair	1=Poor
Spoke appropriately			
Used complete sentences			
Spoke clearly and confidently			
Maintained eye contact			
Maintained acceptable posture			
Used gestures correctly			
Answered questions from other pupils			
Total (of 21)			

You can also guide your pupils to assess their own performance:

Teamwork Score Sheet		
NAME:		
Circle Yes or No.		
I helped my partner.	YES	NO
I watched my partner closely.	YES	NO
I did my best to gesture clearly.	YES	NO

Cause-Effect relationship

One of the objectives at this level is that children learn relationships between concepts. *Cause-Effect* is a form of assessment that reveals the learner's understanding that there are consequences for feelings and/or actions. In the following task, pupils convey their opinions about whether they like or dislike a sport.

Pupils connect the pictures of the sports they like with the happy face and the pictures of the sports they dislike with the sad face.

Now you can assess the pupils' performance using the following scoring criteria:

Six correct items: Excellent (4)
 Four to five correct items: Good (3)
 Two to three correct items: Fair (2)
 None to one correct item: Poor (1)

Concepts in Systems

Assessment is organised around the major themes that the pupils have learned. *Concepts in Systems* is a form of assessment that shows pupils' ability to make connections between concepts and how these fit into larger systems. This reflects whether pupils have acquired a certain level of higher order thinking skills. The following task shows the pupil's mastery level of understanding the past.

Tick (✓) the things that people had in the past. Put a cross (X) next to the things that they didn't have.

Radio
 Television
 Books
 Computers
 CDs
 Cars
 Letters
 Postcards
 Emails

- Radio ✓
- Television ✗
- Books ✓
- Computers ✗

Clock Graphic Organiser

Clock Graphic Organisers are used as one form of assessment that involves a clock-like cycle. Clock diagrams are used to show how events are related to one another in a time-oriented cycle. The following task asks pupils to state the daily routine of Kareem. There are two clocks – the time at which he always does things, and a clock showing a time when he never does these things.

get up
have breakfast
go to school
start school
do homework
go to bed

Use the following criteria to assess the pupils' achievement:

- 4: Excellent
- 3: Good
- 2: Fair
- 1: Poor

Compare - Contrast

Compare - Contrast is a form of assessment that is used to show whether pupils have mastered the skill of depicting similarities and differences. Comparing two things means telling how they are alike. Contrasting things means telling how they are different. The key frame questions are: *What is being compared with what? How are they similar? How are they different?* Exercise 1 is an oral task based around comparing and contrasting animals. Exercise 2 is a written task, which pupils could either do for homework or as a project. These tasks could be done at the end of Unit 8.

Exercise 1:

small big dangerous fast slow

Pre

- Pupils look at the photos of the animals.
- They need to compare and contrast the animals using the words in the box. They can also use any other words that they can think of.

During

- Pupils ask the question: *Is a squirrel **more** dangerous than a wolf?*
- Pupils respond accordingly: *No, it isn't. A wolf is **more** dangerous than a squirrel.*
- Pupils swap roles so they both get a chance to ask and answer the questions.

Post

- Get a few pairs to ask and answer the questions in front of the class.

Exercise 2

Pre

- Revise the adjectives in the word box, eliciting what they mean.
- Also, ask questions to confirm that students understand how to make comparisons.

During

- Tell pupils that you would like them to write about their family. They need to write six sentences using the words in the word box.
- Give them an example: *My brother is **older** than me.*
- Pupils can start this in class or they can do it for homework.

Post

- Display their work on the classroom walls.

small big tall short young old

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____

Use the following criteria to assess the pupils' achievement:

- 4: Excellent
- 3: Good
- 2: Fair
- 1: Poor

Speaking tests

Speaking tests should evaluate the pupils' skills in presenting correct information using appropriate communication skills which include error-free language, appropriate choice of vocabulary and good contact with the audience. Pupils should not feel threatened by such an activity; encourage them to approach the speaking tasks confidently. Some types of tasks require pupils to present information related to them to the whole class and others require pair work. The following are sample tasks which follow the same instructions found in the Pupil's Book.

1. Talk about you

Tell your friends what you do every day (get up, brush teeth, pray, go to school, play, etc.). Use: At six o'clock I..., At quarter past six I...

2. Talk about you

Fill in the following table with activities you do after school (play football, do homework, etc.) or in the weekend (go to the mosque, visit friends) then share with the class. Use: On Wednesday I play... On Thursday I...

Tuesday	Wednesday	Thursday	Friday

3. Ask and answer

In pairs, ask and answer about playing sports (tennis, handball, volleyball, swimming, sailing...) Use: Do you like...? Yes, I do./No, I don't.

Look at the picture and describe what your father, mother, brother are doing (writing, cooking, reading, tidying up...) Use: My mother is... My father is...

5. Look and say

Look at the wall chart 5: The world and tell your friends about the stars. Use: The stars are in... I can't see the stars... I can see them at...

6. Ask and answer

In pairs ask and answer about your favourite sport, subject, city, animal... Use: What's your favourite...? My favourite... is ...

7. Show and tell

Use the flashcards of the animals (deer, jackal, squirrel, forest, etc.) and tell the class about them. Use: Squirrels live in the forest. They are small. They are smaller than other animals.

8. Talk about you

Get a picture of a city you visited in Jordan or would like to visit (Jerash, Madaba, Aqaba, etc.) Tell the class what you are doing on the day of the visit. Use: I am travelling..., We're driving..., We're looking...
The following are some additional activities.

1. Pupils tell each other what they always, sometimes and never do

I always do my homework in the afternoon.
I sometimes watch television in the evening.
I never cook.

2. Pupils talk to each other about the sports they like.

I like playing table tennis.
I like watching football on television.

Speaking tests

3. Pupils tell each other what people in their family are doing now.

My mother is cooking lunch.
My grandfather is sleeping.

4. Pupils tell each other where they want to visit in Jordan.

I want to go to Madaba.
Why do you want to go there?

Where are you going to go in the summer? We're going to go to ...
What are you going to see there? We're going to see ...
What are you going to take with you? I'm going to take ...

6. Pupils think of all the animals that they know and they use different adjectives to compare them.

A squirrel is smaller than a wolf. A wolf is more frightening than a deer.

7. Pupils talk together about their families, describing the different people.

My brother is taller than I am. My father is taller than my brother. My father is the tallest person in my family.

Did you use a computer yesterday? No, I didn't.
Did you plant vegetables yesterday? Yes, I did.

9. Give pupils sets of six pictures or words that they know. They mustn't show their partner. They describe what it is and the partner says the word.

You go sailing in this. Is it a boat?
Yes, it is.

10. Pupils tell each other as many sentences as they can about Jordan in the past.

Reading tests

1. Read and tick *right* or *wrong*

Dear Laila,

You want to know about our town in the past. Our town was different when I was young. People didn't have cars. People walked everywhere. I always walked to school.

We didn't have a sports centre. In the past, the sports centre was a small hospital. My school was near the hospital. Now my old school is the museum. A big chemist's shop was next to the hospital, but now that is a restaurant. And we didn't have a train station in the town. We had a bookshop, but now we have a bookshop and a library. I like reading, but books were expensive when I was young. Now I go to the library every week.

I hope that helps you, Laila. I'm going to come to your house on Saturday. You can ask me more questions then.

Tamer's diary

We had a very good day at school yesterday. We learned about how people in Jordan lived in the past. We went to a museum. I enjoyed it because I learned a lot. People lived in tents in the desert. They had goats. They used goats' hair to make their tents. The women sewed clothes and they made bread. Now we go to shops to buy our clothes and our bread. People in the past also had camels. The camels carried things for the people. People travelled on camels, too. In the second century, the Nabateans arrived in Petra. They didn't live in tents. They lived in caves. Vocabulary Activities

Use of pictures

The following are various activities that require the use of pictures. You can use the Pupil's Book and pictures that you or your pupils bring to class.

Activity 1

1. You choose words from the unit you are teaching and you look through the unit to locate the pictures related to the words you plan to teach. For example, in Unit 2, you aim to teach the following: table tennis, handball, volleyball...
2. Explain to the pupils that you're going to say a vocabulary term related to a sport such as 'sail', and they have to look for the relevant picture on pages 8 to 11 quickly.
3. Once they find it, they raise their hands. Pupils may get very enthusiastic and the activity may create noise. Never mind as long as they are learning!
4. At the end, pupils count the number of times they found the correct pictures.

A similar activity can be done for other concepts, such as animals (Unit 8) and cities in Jordan (p. 14, 16, 20, 22, 26, 30, 34, 36, 41, 42, 46, etc.).

Activity 2

1. Pupils bring in photos of people they know. Ask them to work in pairs to describe what the people are doing (Unit 3, Unit 7).
2. Pupils take turns to describe what the people in the photos are doing.
3. Alternatively, you can ask them to compare the people in the photos (Unit 8).

Letters and concepts

Activity 1

1. Prepare a handout of a table of 6 columns or draw the table on the board and ask pupils to copy it in their notebooks. They can work individually, in pairs or in groups.
2. Choose five themes from the Pupil's Book and write each in a column leaving the first one to the left blank.
3. Ask a pupil to give a letter of the alphabet. Pupils write it in the first column. They fill in the row with vocabulary starting with that letter and related to the themes.
4. Other pupils suggest other letters. When the game is over, pupils count the number of words they have filled in. The one who has the largest number is the winner.
