## The King Hussein Cancer Center

The King Hussein Cancer Center (KHCC) is Jordan's only comprehensive cancer treatment centre. It (KHCC) treats both adult and paediatric patients. As the population of the country increases, more and more families will rely on the hospital for cancer treatment. Patients come not only from Jordan but also from other countries in the region, as they (patients) are attracted by its excellent reputation, lower costs, and cultural and language similarities.

**1. What is KHCC ? Why is it important ?**

KHCC is Jordan's only comprehensive cancer treatment centre.

**2. There are two kinds of people that The King Hussein Cancer Center treats . Mention them.**

- a. Adult patients
- b. Paediatric patients (children) = opposite to "adults"

**3. What is the reason that will make more families rely on the hospital for cancer treatment ?**

As the population of the country increases.

**4. Mention three reasons (factors) why patients from other countries visit the centre.**

- a. excellent reputation
- b. lower costs
- c. cultural and language similarities.

**5. Why do patients come from Jordan and other countries in the region to the centre ?**

As they are attracted by its excellent reputation, lower costs, and cultural and language similarities.

**6. Why does the hospital need to expand?**

Because there is more demand for treatment,

---

In order to cope with the increase in demand for treatment, the KHCC has begun an expansion programme. Building started in 2011 CE . The hospital will have more than doubled its capacity by 2016 CE, increasing space for new cancer cases from 3,500 per year to 9,000. By then, they will have added 182 extra beds, along with bigger units for different departments, including radiotherapy. New adult and pediatric wards will have opened. Additionally, they will have built a special ten-floor outpatients' building, with an education centre which will include teaching rooms and a library.

**1. The expansion programme for the hospital has two aims. What are they ?**

- a. In order to cope with the increase in demand for treatment.
- b. The hospital will have more than doubled its capacity by 2016 CE.

**2. What is the space for new cancer cases in 2011 CE and in 2016 ?**

- a. In 2011 , the new cancer cases were 3,500 per year.
- b. In 2016 , the new cancer cases will be 9, 00 per year.

**3. What are the new facilities that will have been added to the hospital by 2016 ?**

- a. They will have added 182 extra beds
- b. They will have added bigger units for different departments, including radiotherapy.
- c. New adult and pediatric wards will have opened.
- d. They will have built a special ten-floor outpatients' building with an education centre .

**4. Mention two things that the education centre will include .**

- a. Teaching rooms
- b. A library.

**5. Quote the sentence which indicates the date when the expansion of the KHCC will have finished.**

" The hospital will have more than doubled its capacity by 2016 CE, increasing space for new cancer cases from 3,500 per year to 9,000. "

Many cancer patients live far away from Amman, where the KHCC is located, and the journey to and from the hospital is often difficult. For this reason, there are plans to extend cancer care facilities to other parts of Jordan. In the near future, King Abdullah University Hospital in Irbid hopes to set up radiotherapy machines, so that cancer patients from northern Jordan will not have to go to Amman for radiotherapy treatment.

**1. Mention the disadvantages of the KHCC for patients who live far from Amman?**

The journey to and from the hospital is often difficult.

**2. Quote the sentence that indicates the reason to build other parts of The King Hussein Cancer Center .**

Many cancer patients live far away from Amman, where the KHCC is located, and the journey to and from the hospital is often difficult.

**3. What plans are there for increasing cancer care facilities in other parts of Jordan?**

King Abdullah University Hospital in Irbid hopes to set up radiotherapy machines.

**4. What is the result for set up radiotherapy machines in Irbid in the future ?**

Cancer patients from northern Jordan will not have to go to Amman for radiotherapy treatment.
