Hi! My name is Rashed. I'm staying in London for a week, with my family. I hope you enjoy reading my blog.

Wednesday

Yesterday was brilliant. We decided to go to the Victoria and Albert Museum (also known as the V&A), which is a big museum of art and design in central London. It has one of the largest collections of Islamic art in the world and, as you can imagine, we were keen to have a look.

We spent most of our time in the Jameel Gallery, which opened in 2006 CE. There were about 10,000 items on display (no, I didn't count them; the guide told us!). There were carpets and other textiles as well as pottery, ceramics, paintings and things made of ivory (from elephants), wood, metal and glass. My favourite thing was a beautiful Egyptian jug, which looked as if it was made out of glass. In fact it is rock crystal, and it was made over ten thousand years ago. The person who made it must have been incredibly skilled.

We were at the V&A all day (there's a good café there, and an excellent shop too!). Then, although we were quite tired, in the evening we went to a concert at the Royal Albert Hall. The orchestra was from Germany and it was brilliant! We had comfortable seats, but a lot of people stood right in front of the orchestra. They didn't sit down at all! I've never stood all the way through a concert, and I don't think I'd like to!
