Studio schools are pioneering schools which receive funding as well as support from private businesses, and which seek to encourage young people to undertake a less conventional form of secondary education. One such school has recently opened to educate fourteen- to eighteen-year-olds who have a special interest in working in the space industry. Students follow a tailor-made curriculum at the school, including subjects such as Astronomy and Astrophysics. Lessons are a mixture of small-class tutorials, with projects supervised by leading companies in both the space and technology industries.

Prominent scientists and engineers are brought in as guest lecturers, with students aiming to achieve top grades in their Maths and Science exams. When they leave school, they will be well-placed to take any number of different career paths. 'They don't have to become astronauts!' says a spokesperson for the school. 'Excellent grades in science and technology subjects can open many doors and lead to a variety of career opportunities.

1. Space Schools teach their students special subjects related to space. Mention two examples of such subjects.
2. Why it is important that students get high grades in subjects like Math, Science and other technology subjects?
3. What does the underlined word " who " refer to?
4. Find a word that means, "To commit yourself to do something and to start to do it. "
5. It is expected that students who choose to study away from home will face many difficulties, suggest three tips to make studying abroad less challenging.
- 6 . Students follow a tailor-made curriculum at the school . Write down them .
- 7 . Prominent scientists and engineers are brought in as guest lecturers . Think of this statement and, in two sentences, write down your point of view.

A) Read the following text carefully, and then in your ANSWER BOOKLET answer all questions that follow.

You should be based on the text . _____ (25 points)

Ten-year-old Adeeb al-Balooshi, from Dubai, is going to travel to seven countries on a tour which has been organised and funded by Sheikh Hamdan bin Mohammad, Crown Prince of Dubai. The boy caught Sheikh Hamdan's attention with his invention – a prosthetic limb for his father. The Sheikh has taken a special interest in the boy, and hopes the tour that he is sponsoring for Adeeb will give the young inventor more self-confidence and inspire other young Emirati inventors.

Adeeb got the idea for a special kind of prosthetic leg while he was at the beach with his family. His father, who wears an artificial leg, could not swim in the sea as he could not risk getting his leg wet. This inspired Adeeb to invent a waterproof prosthetic leg. Adeeb is going to visit the USA, France, the UK, Ireland, Belgium, Italy and Germany, where he will be staying with relatives. However, while he is in Germany, Adeeb will not be spending all his time sightseeing. He will be working with a specialist doctor to build the appendage. He will also be attending a course on prosthetics and learning about different kinds of medical apparatus.

Adeeb has invented several other devices, including a tiny cleaning robot and a heart monitor, which is attached to a car seat belt. In the case of an emergency, rescue services and the driver's family will be automatically connected with the driver through this special checking device. He has also invented a fireproof helmet. This special equipment, which has a built-in camera system, will help rescue workers in emergencies. It is for these reasons that Adeeb rightly deserves his reputation as one of the youngest inventors in the world.

1. Adeeb has invented many things that were highly valued. Mention two of them.
2. Quote the sentence which shows that his father couldn't swim for a specific reason.
3. Adeeb is going to travel to seven countries in a tour. Write down four countries.
4. Replace the underlined word "prosthetic" with a word that has the same meaning.
5. What does the underlined suffix "proof" in the word "waterproof" mean?
6. What does the underlined pronoun "He" refer to?
7. The Sheikh has taken a special interest in the boy . Suggest three goals that Sheikh wants to achieve .
8. Adeeb rightly deserves his reputation as one of the youngest inventors in the world. Think of this statement and, in two sentences, write down your point of view.
