Read the following text carefully, and then in your ANSWER BOOKLET answer all the questions that follow. Your answers should be based on the text.

Our country has a high standard of education. This is mainly due to the fact that the government considers education a necessity. All schools, from kindergarten to secondary, are the responsibility of the Ministry of Education (MOE). Pre- school and kindergarten education is optional followed by ten years of free., compulsory education. For higher education, students enter university, either for academic or vocational courses. Students can attend one of the public universities, or one of the private universities. A large number of Jordanian students choose to study at these institutions, as well as foreign students from all over the world. These are undergraduates studying for a first degree or postgraduate studying for a masters degree, a PhD or a higher diploma. The three universities with the most undergraduates are the university of Jordan in Amman, Yarmouk University in Irbid and Al Balqa Applied University in salt. These are all public universities. An example of a newer university is the German Jordanian University in Amman, which was set up in 2005 CE. It is a collaboration between the MOHE and Germanys federal ministry of education and research, and it follows Germanys model of education in applied sciences. For students who wish to complete their university studies while working at the same time, it is also possible in some Jordanian universities to enroll onto online distance learning programmes. In the future, this option will become available in many other universities.
