- C. recording interviews**

Questions (93- 97)

Students follow a tailor-made curriculum at the school, including subjects such as Astronomy and Astrophysics. Lessons are a mixture of small-class tutorials, with projects supervised by leading companies in both the space and technology industries. Prominent scientists and engineers are brought in as guest lecturers, with students aiming to achieve top grades in their Maths and Science exams. When they leave school, they will be well-placed to take any number of different career paths. 'They don't have to become astronauts!' says a spokesperson for the school. 'Excellent grades in science and technology subjects can open many doors and lead to a variety of career opportunities.'

93. Space schools include lessons that are mixed regarding_____.

A. Maths and science B. Maths and technology C. science and technology.

97. According to the spokes person, students_____.

A. must be astronauts B. will hold different careers C. will be prominent.

Questions (98- 99)

It's been proved that concentration starts to decrease after half an hour, so frequent breaks will help the brain to recover and concentration to return. By a break, I mean any change of activity from studying. It could be something as simple as just getting up from your desk and listening to some music, or walking around for ten minutes. The physical activity will increase your heart rate and, in turn, that will increase your blood circulation.

98. A break can help the brain to _____.

A. Return B. Recover C. Increase.

99. By some physical activities, _____ and blood circulation increase.

A. Heart rate B. Dehydration C. Nutrition.

100. Speaking a foreign language, it is claimed, improves the functionality of your brain in several different ways. Learning new vocabulary and grammar rules provides the brain with beneficial 'exercise', which improves memory. As well as exercising the brain, it is thought that learning a new language also presents the brain with unique challenges.

Learning new vocabulary and grammar provides the brain with good exercise to _____.

- A. Speak a language**
- B. Improve memory**
- C. Communicate with other societies.**

The End.
