**Question Two: (20 points)**

**A) Read the following text carefully, and then in your ANSWER BOOKLET answer all the questions that follow. Your answers should be based on the text. (18 points)**

Today, we talk to Mr Ghanem, a businessman based in Amman who often visits China. We asked him when he first started doing business with China. 'I've been doing business with China for many years. My first trip there was in 2004 CE, and it was not very successful.'

**- Why was it not successful?**

'I worked for a small computer company in Amman. They sent me to China when I was still quite young. If only the company had realised that the Chinese respect age and experience more than youth!'

**- Did you make any mistakes on that visit?**

'Yes! I wish I had researched Chinese culture before I visited the country. In order to be successful in China, you need to earn their respect. Chinese business people will always ask about a company's successes in the past. However, because I worked for a new company, I could not talk about its track record. We did not do any business deals on that first trip.'

**- What advice can you give to people wanting to do business in China?**

'Before I visit a company, I send recommendations from previous clients. I also send my business card with my job position and qualifications translated into Chinese.'

**- Can you tell us about your last meeting in China?**

'Of course! I arrived on time. You must not arrive late, as this shows disrespect. Then, when I met the company director, I shook hands with him gently. I began the meeting by making small talk about my interesting experiences in China. During the meeting, I made sure that my voice and body language were calm and controlled. I never told a joke, as this may not be translated correctly or could cause offence.'

1. Mr. Ghanem made two mistakes during his first trip. Write them down. (4 points)
2. Mr. Ghanem avoided telling jokes during his last meeting for two reasons. Write them down. (4 points)
3. Write down the sentence which shows Mr. Ghanem's regret that his company didn't realise that Chinese prefer dealing with elders and experienced people rather than others. (2 points)
4. Find a phrase in the text which means (all of a person's or organisation's past achievements, successes or failures which show how well they have done something). (2 points)
5. What does the underlined pronoun (him) refer to? (2 points)
6. It is said that an academic degree is not the only factor to make a success in trade deals. Suggest two other factors that also affect this success. (4 points)
