A. Grammar Summary

أ. ملخص قواعد الوحدة

1. The Present Simple with the adverbs of frequency

زمن المضارع البسيط واستخدام ظروف التكرار

هذه القاعدة هي تكرر لما تم شرحه في ملخص الوحدة الأولى، لكن مع التركيز على استخدام ظروف التكرار داخل الجملة. ومن ظروف التكرار (الدلالات) المستخدمة في هذه الوحدة: **always, never** and **sometimes**. نؤكد على الانتباه إلى مكان وضع ظروف التكرار (الدلالات) في الجملة. ففي هذه الوحدة، يريد مؤلف الكتاب منا أن نستعمل الظروف في وسط الكلمة وليس في نهايتها. ويكون مكانها الصحيح بعد الفاعل وقبل الفعل.

S + **ADVERB** + V (infinitive) + O +

I **always** take bus to school.

I **sometimes** recycle old envelopes.

My father **never** drives me to school.

ويتم السؤال عن ظروف التكرار هذه باستخدام أداة السؤال How often:

How often + Do/ Does + S + V (infinitive) + O + ?

How often do you take bus to school?

2. The Imperative فعل الأمر

❖ يستخدم فعل الأمر Imperative لإعطاء توجيهات أو أوامر في الزمن الحاضر.
❖ كما يستخدم أيضاً لتوجيه النصائح.

1. حالة فعل الأمر المثبت Affirmative Imperative

لتكوين جملة فعل الأمر في الحالة المثبتة، يتم تكوين الجملة كالتالي:

V (infinitive) + O + ... + !

Examples:

1. **Recycle** old paper!

2. **Open** your books at page 23!

تلاحظ من الجمل السابقة أن الجملة انتهت بعلامة تعجب (**exclamation mark (!)**) وهو علامة مميزة لفعل الأمر عن باقي أشكال الجمل والأفعال.

2. حالة فعل الأمر المنفي (النهي) Negative Imperative:

ولتكوين جملة فعل الأمر المنفية، أو جملة النهي عن عمل شيء ما، أو النصيحة بعدم عمل شيء معين، نتبع التركيب التالي:

Do + not + V (infinitive) + O + ... + !

Examples:

1. **Don't throw** away used plastic cups!
2. **Don't sing** in class!

3. Linking words أدوات الربط**1. When عندما:**

تستخدم when لتحديد الوقت عند ربط فكرتين معاً. ويكون مكان when في بداية جملة السبب وليس في جملة النتيجة.

When the temperature goes up, the ice in the Poles melts.

نرى أن الجملة الأولى هي السبب (عندما ترتفع الحرارة)، وأن الجملة الثانية هي النتيجة (يذوب الجليد في الأقطاب).

2. Also أيضاً:

إن كلمة also هي مرادف لكلمة and، ولكننا نستخدمها في الجملة الثانية وتكون قبل الفعل مباشرة وبعد الفاعل. وفي تلك الحالة تنتهي الجملة الأولى بنقطة full stop وتكون الجملة الثانية مستقلة تماماً عن الجملة الأولى.

Kids Ecology Club takes part in projects about water conservation and pollution.

It **also** participates in energy conservation projects.

جميع قطع القراءة والاستيعاب في الوحدة الثانية المطلوبة، وسأقوم فيما يلي بوضع أسئلة مقترحة تغطي جميع القطع.

Ex. 1 (SB, page 18): We are still in time to save the Earth!

What can we do to slow down global warming?

The oceans, the atmosphere, the hot and the cold parts of the planet, deserts and rainforests depend on the Earth's climate. But our climate is a complex system that depends on the sun.

إن المحيطات والغلاف الجوي والأجزاء الحارة والباردة من الكوكب والصحراء والغابات الاستوائية تعتمد على مناخ الأرض. ولكن مناخنا هو نظام معقد يعتمد على الشمس.

Man's machines, cars, planes, trains and computers emit carbon dioxide which doesn't allow the heat from the sun to leave. When there is too much carbon dioxide in the atmosphere, the Earth's temperature goes up. This is called "global warming."

إن آلات البشر والسيارات والطائرات والقطارات والحواسيب تُصدر (تبعث) ثاني أكسيد الكربون، وهو لا يسمح للحرارة الناتجة عن الشمس بمغادرة الأرض. وعندما يكون هناك الكثير من ثاني أكسيد الكربون في الغلاف الجوي فإن حرارة الأرض ترتفع، ويسمى هذا بـ "الاحتباس الحراري".

We must slow down global warming. Here are some simple things we can do:

يجب علينا أو نحدّ من الاحتباس الحراري، وفيما يلي بعض الأشياء البسيطة التي يمكن أن نفعلها:

- Walk or take the bus to school. امشي أو اركب الباص إلى المدرسة.
- Reuse and recycle paper, glass, plastic and aluminium. أعد استخدام الورق والزجاج والبلاستيك والألمنيوم.
- Turn off the water while you brush your teeth. أغلق صنبور الماء في أثناء تنظيف أسنانك.
- Turn off the lights, the heating, the air conditioning, the TV or computers when you don't use them. Don't play video games all the time: they use a lot of energy! أطفئ الأنوار والتدفئة وأجهزة التكييف والتلفاز والحواسيب إذا لم تكن تستخدمها. لا تلعب ألعاب الفيديو طوال الوقت، فإنها تستهلك طاقة كبيرة.
- Plant trees or start a vegetable garden. ازرع الأشجار أو أنشئ مزرعة للخضراوات.
- Wear cool clothes in summer and turn down the air conditioning. In winter, wear warm clothes and turn down the heating ارتدي ملابس باردة في الصيف وخفض درجة التبريد. وفي الشتاء ارتدي ملابس دافئة وخفض من درجة التدفئة.

- What are the things that depend on the Earth's climate?
- On what does our complex climate depend?
- What are the things that emit carbon dioxide?
- What happens if there is too much carbon dioxide in the atmosphere?
- Explain what is the "global warming"?
- Mention **two (2)** of the simple things that we can do to slow down the "global warming"?

- Why shouldn't we play video games all the time?
