Question One:

Read the following text carefully, and then in your ANSWER BOOKLET answer all the question that follow each text. Your answers should be based on the two texts. (50 points)

Text One: (25 points)

My name is Fatima Musa and I have worked as an interpreter for five years. When a person speaks in English at a conference, I listen to what they say through headphones. I then translate into Arabic while the speaker is talking. I give the translation through headphones to other people at the meeting. This means that anyone in the room who speaks Arabic can understand what people are saying. Is it an easy job? Not at all. English is not the same in all English-speaking countries. For example, the English words that are used in India are sometimes different to the words that people use in the UK, the USA or Australia. As well as knowing regional English, you also need to know a lot of specialist language. If you get an interview for a job, you will need to show that you have good listening skills and a clear speaking voice. You will also need to show that you can think quickly and that you are able to concentrate for long periods of time. If you are successful, it is a secure and rewarding job. I am aware that if I translate things badly, it could affect an important law or trade agreement between countries. However, you get a huge feeling of satisfaction when you know that people understand everything that you translate.

- 1- Why was Fatima using headphones at the conference? (3 points)
- 2- Quote the sentence showing that the English words used in India are different from other languages. (5 points)
- 3- Find a word in the text which means (Giving personal satisfaction). (4 points)
- 4- Mention the things that you need to do when the translator has an interview, write down two of them. (4 points)
- 5- What does the underlined word pronoun (it) refer to? (4 points)
- 6- Quote the sentence that indicates that the translator, if he translates the words incorrectly, will negatively affect the trade relations. (6 points)
